Dear Simon

That is the last letter I'm aware of from councillors to the Planning Inspectorate (not Wandsworth Council) I haven't seen a response but have copied in Cllr Ed Davie who led on this and may have received one

But of course Lambeth council officers will no doubt have had dealings with their opposite numbers in Wandsworth

Best wishes

Liz

Dear Cllr Atkins,

Could you please confirm if the attached letter is the last letter that Lambeth sent to Wandsworth council and if you got a response? This will help our case to support the objection.

Thanks in advance,
Simon

Hello,

I've still not received a response to the below response by Liz Atkins.

The publish enquiry evidence submission is 30 April, so I need this information to help formulate my objection.

Simon

Dear Simon

I've asked officers to respond to your questions about parking and planning

I would have thought that parking restrictions could quite easily be extended, subject to a local public consultation

The next Council meeting is 2 March should you wish to present a petition or arrange a delegation

Best wishes

Liz

Adding in Councilor Nicole Griffiths.

Following on from my email dated 03 February; we are a large group of residents who are opposed to the proposed redevelopment of Tooting Common Triangle and we would appreciate a response to the queries outlined below.

Regards,
Simon King

Subject: Tooting Common Triangle

Dear Cllrs Atkins, Simpson and Chowdhury,

I'm writing to you regarding the Public Inquiry that will take place in June about the proposed Tooting Common Triangle redevelopment. I am part of a group of 100s of local residents that oppose this proposition, and our reasoning spans the spectrum from environmental concerns, to net zero, to preserving what nature we have here in this crowded part of London.

I appreciate that this is being undertaken by Wandsworth Council; however, Lambeth borders Tooting Common on 2 of the 3 sides of the Triangle area. We were not formally consulted, and they are running over our rights in this area and we are requesting that Lambeth Council get involved in supporting this cause.

One specific and direct issue is the parking. We live on Salford Road who has only recently got restricted parking, albeit for only a short time per day, Mon – Fri. If this commercial football business gets approved, the direct effect every single day, and all weekend long will be additional traffic on our streets (again, no consultation on the effects to Lambeth residents) and also having to fight for parking near our homes – even though we are paying for restricted parking. The obvious answer if this proposition is approved, is that parking restrictions are strengthened to be longer each day, and include the weekends so that there's no detriment to residents for the sake of a commercial venture between Wandsworth Council and a Football outfit that will net them both a small fortune.

What planning have you all considered about this issue? Who will pay for this, as it should not be Lambeth residents because Wandsworth wants to profit from selling off a piece of the common. Has there been any contact with them about this issue?

There are numerous other issues that affect us residents that neighbour the common. I would love to this as an agenda item at a future council meeting. Could that be arranged?

Best Regards,
Simon King
