

Planning for an emergency

This leaflet explains what the carer's emergency card scheme is

Who is a carer

If you look after someone who needs support because of an illness or disability and cannot manage without help, you could be considered a carer.

How can the scheme help?

.....

The Carer's Emergency Card Scheme provides peace of mind that in the event of an emergency, the person you care for will receive help and support whilst you're not there. The scheme helps you develop a plan for what might happen if you had an emergency and were unable to carry out your normal caring responsibilities.

The scheme is a way of making sure there is backup plan in place if something happens to you and gives you access to an emergency helpline 24 hours a day, 7 days a week.

The Carer's Emergency Card is recognised by local health and emergency services, so, if you aren't able to call a friend or family member, your emergency plan will be activated.

How does it work?

.....

When you register, you are asked to nominate two people such as a friend, family member, or someone from a local organisation, who can take over or help you in an emergency. Don't worry you can still join the scheme even if you can't think of anyone.

You will be given a card to carry in your purse or wallet which has a contact telephone number and your own ID number, which will identify you as a registered member of the scheme and link to your plan of care for the person you look after.

If you already have an emergency card, you may want to consider re-registering if it was sometime ago. This is especially important if your circumstances have changed since you last registered.

You should try and carry the card with you at all times.

You may want to save the number on your mobile phone under ICE ("In Case of Emergency"). If you are unable to make the call to action your plan, someone coming to your aid will be able to do it for you.

In the event of an emergency or something happening that prevents you continuing to care for your loved one or friend, our Adult Social Care Team will make the arrangements detailed on your emergency plan. This could mean simply contacting a family member, neighbour or friend who can help support the person you care for.

If they are unable to help or you have not specified a nominated 'cover' person we can help you arrange cover.

Another way to make sure that emergency services know that you are a carer is to create your own **Coordinate My Care plan** online at www.coordinatemycare.co.uk. Your caring responsibilities and emergency plan can be added to the 'My People section' and once signed off by your GP practice, will be accessible to all emergency services.

How much will it cost?

There is no cost to you for registering with the service. Any emergency care provided may be chargeable in line with the council's Adult Social Care Contributions Policy.

How to register

To join the Carer's Emergency Card Scheme, we need to understand your situation a little better. We will have a conversation with you to find out what support you currently provide and how your caring role affects you. We will do this over the phone or face-to-face. If you decide to register for the scheme, we will discuss your emergency arrangements and help you to develop a plan.

You can also register online in your own time on our website at www.wandsworth.gov.uk/carers-self-assessment

What discounts can I get if I register?

The Carer's Emergency Card card is also recognised by some local services and businesses, and may give you access to local discounts such as:

- Many visitor attractions and leisure facilities will offer carers free entry if you are supporting the person you care for.
- If you or the person you care for are disabled, you may be able to get free or discounted vehicle tax and other financial help with your vehicle or transport.

- You may qualify for Council Tax discount if you live with the person you care for.
- You can access exclusive offers, benefits and discounts from Carers Trust's CarerSmart website. You can find out more at www.carersmart.org
- You can find more discounts online at Discounts for Carers, a national website for unpaid and paid carers. You can find out more at www.discountsforcarers.com

What happens if things change?

.....

We understand that your needs and wishes may change over time. This could be because the needs of the person you are looking after change, or your own health could be changing. We will contact you once a year to reflect on how things are going, but if you think you need help sooner, you can contact us on the number below to discuss your concerns.

What if I am unhappy with the outcome?

.....

If you are unhappy with your assessment or any other part of the process, we want to hear about it as soon as possible. We recommend that you speak with the person who carried out your assessment in the first instance. If you can't come to an agreement, you can let us know in writing what you are unhappy about and why you think the process has been unfair or inaccurate.

Once we have heard from you, we will look at your concerns and may contact you to discuss the issue. We will always respond to you in writing. If you are still not satisfied, you can use our complaints procedure.

Our contact details

.....

Monday to Friday from 9am to 5pm.
