Part 5. Notes to assist you in completing this form

Your registration as the husband, wife or civil partner of a Service voter will last for 3 years from the month in which we accept your registration: We will send you a reminder to renew your registration approximately 3 months before your existing registration expires. Alternatively you can register as a civilian in respect of the address where you are now living by contacting the electoral service section of your local council.

Voting by proxy

If you wish to vote by proxy please complete the side of the form "Application form to vote by proxy".

For the security of your proxy vote and **by law** all proxy vote applicants are required to give their signature and date of birth. If you do not provide this information your proxy vote application will not be accepted.

If you advise us that your proxy wishes your ballot paper to be posted to them they will also have to provide their date of birth and signature.

Your proxy should complete a collection of identifiers - proxy postal form and both forms should be posted to this office together.

Your proxy must be:

- able and willing to vote on your behalf;
- living in the UK;
- a British citizen or a citizen of the Commonwealth or the Republic of Ireland;
- old enough to vote; and
- legally allowed to vote

A proxy may not vote at the same election for more than two people unless they are a close relative (husband, wife, civil partner, parent, grandparent, brother, sister, child or grandchild) of the people they are voting for.

The two versions of the register

The full register has the names and addresses of everyone registered to vote and is updated every month. Anyone can look at it, but copies can only be supplied for certain purposes, such as elections and law enforcement. Credit reference agencies are also allowed to use the full register, but only to check your name and address if you are applying for credit, and to help stop 'money laundering'. Anyone who has a copy of the register will be committing a criminal offence if they unlawfully pass on information from it. You do not have a choice about your name being on this register.

Voting by post

Please note that ballot papers are sent approximately one week before an election by first class post or via airmail. This leaves very little time for you to complete and return your ballot paper in order for it to be included in the count on election day. **Therefore you are strongly advised to appoint a proxy** to ensure your vote is counted.

If you wish to vote by post please complete the side of the form "Application form to vote by post".

For the security of your postal vote and **by law** all postal vote applicants are required to give their signature and date of birth. If you do not provide this information your postal vote application will not be accepted.

When you receive your ballot paper, a postal voting statement will also be enclosed. This statement will need to be signed by you and you will also be required to give your date of birth, this will then be checked against the signature and date of birth that you provide on your postal vote application form.

The edited register will be available for general sale and can be used for any purpose. You can choose not to be on it. It will be kept separate from the full register and updated every month. The edited register can be bought by any person, company or organisation and could be used for different purposes such as checking your identity and commercial activities such as marketing.

If you do tick the box on the voter registration form, your name will only appear on the full register, which will only be used for certain lawful purposes, such as elections, law enforcement and checking applications for credit.

If you do not tick the box on the voter registration form, your name will also appear on the edited version of the register, which anyone can buy. This means anyone can use your details for any purpose.
