The research for the Fact File has been done as fully and carefully as possible. We are aware however that in some instances the information will be incomplete or will become out of date. Further, we are equally sure that there will be relevant organisations we have missed. We apologise for these imperfections and will be pleased to try to rectify any omissions or errors that are brought to our attention.

Your comments and suggestions are welcome on how the Fact File can be improved. I would be grateful for any feedback you may care to give about the content etc (see Feedback Questionnaire on the last page).

Along with being a document the Local Compact represent a development process, brought about by the combined efforts of a diverse and representative Compact Steering Group. The Local Compact provides a framework for partnership working which is reflected in key sections of the document relating to funding, communication and consultation and Black and Minority Ethnic organisations.
