Dear

Please find enclosed the Wandsworth Information and Advice Support Service Exclusions Information Pack for Parents.

Being excluded from school can be very worrying and upsetting for you and your child. This pack provides information which will help you to understand about your child's exclusion and will tell you where to get more information and help.

It will also tell you where to get help to challenge the school's decision to exclude your child if you choose to do this.

We suggest that you take time to read carefully through the pack, talk things over with a relative or friend if you can and use the contact details given in the pack if you need more information or advice from another agency.

Yours sincerely

Rina Patel
Manager
