14. ~~T~~he figure in q12 as a percentage of the entire youth services demographic in 2013/14
15. ~~P~~lease give details of any shift of youth service provision from a universal to a targeted approach since 2010
16. ~~A~~TE number of local authority staff employed delivering youth services in March/April 2010 (or any alternative 2010/11 figure)
17. ~~A~~TE number of local authority staff employed delivering youth services in February 2015 (or any alternative 2014/15 figure)
18. ~~T~~he number of youth centres funded and/or provided by the local authority in 2010/11
19. ~~T~~he number of youth centres funded and/or provided by the local authority in 2014/15

Notes and Definitions

In questions 1 to 3, the council may define 'core' youth services in line with any internal definition that it operates. If the council does not distinguish 'core' youth services, it may ignore questions 1 to 3.

In questions 1 and 4, the requested figures are for the 'original budget' for 2010/11 - ie prior to the impact of the 'in-year' cuts imposed by central government following the 2010 general election (if these figures are not available, please use figures from after the 'in-year' cuts and state this to be the case).

If the council has outsourced its entire youth service funding to independent and third sector providers, please supply the funding levels given to these providers (in total) for questions 1-6 as appropriate.

In questions 9, 10, 13 and 14, 'youth service demographic' refers to the number of people in the ENTIRE age group that the council's youth services are designed to cater to – it does NOT refer to subsets of that age group that the council may have chosen to target (e.g. lower income or 'at-risk' youths).

Freedom of Information Act requests for: February 2015

In questions 7, 8, 11 and 12, 'youth service output' refers to the number of contacts made with members of the youth service demographic. 'Sustained' contacts rests on any internal council definition, but is likely to mean above a minimum number of repeated contacts with each individual.

If the council has no records of contacts, please ignore questions 7-14.

In questions 16 and 17, where certain staff roles overlap between youth services and other services, the council may restrict its figures to staff who are solely engaged in delivering youth services, provided this is applied consistently to both years.

In questions 16-17, if FTE figures are unavailable, headcount will do, again provided this is applied consistently to both years. Please state if headcount figures are used.

In questions 18 and 19, 'funded' includes where a council pays an external organisation (e.g. charity) specifically to provide a youth centre (regardless of any other funding it may provide to that organisation for other purposes). If this would exceed the section 12 time limit, please limit both these questions to youth centres provided directly by the local authority (please state if this is the case).

Request details: Support Services

I'm interested in the total and staff costs for multiple areas; whether this is contained with the 'corporate centre', within services or within both.

Therefore I would like to know how many staff, and the total cost of staff in support roles (groups defined below) within the organisation. So this would include staff in specific support teams (defined below) or in roles within teams whose primary function was one of the support roles below. I would also like a breakdown of where these post are positioned and (which services) and staff structures.

List of Support services as follows:

- Strategy & Policy
- Finance
- ICT
- HR
- Business Support and Administration
- Contract Monitoring & Management
- Communications
- Property Services

Secondly, could you tell me how much is spent by your Legal services and break this down.

Thirdly, could you tell me your total ICT costs (so staff and software, applications etc.)

Could you also tell me the total council's budget so I can understand what proportion you spend on Support Services?

Lastly, could you tell me if you have completed a review of your support services in the last five years and, if so, send me internal documents of the scope and saving involved in this review?

Request details: RIPA

On the 6th November 2014 I made a request under the Freedom of Information Act that asked how many times RIPA powers had been used by your local authority since April 2012.

Your council has since responded to this question with a numbered list of operations that RIPA was authorised for since April 2012.

Of the operations that your council had listed can you provide the following information:

1. How much money was spent by your local authority on each RIPA authorised operation? Please provide the expenditure on each operation. If calculating each separate operation would lead to this request being rejected due to time limitations, please provide the total spent on all operations.

2. The number of days each operation lasted. If calculating this would lead to this request being rejected due to the time it would take, please provide the start date and end date for each operation. If the operation is still active please state how many days so far it has been running up until the date this request was received.

3. How many of these operations were partially or fully undertaken by private companies? If private companies were deployed to assist or carry out operational work, please name each company involved.

4. The number of employees or contracted workers involved in each operation.
