Request details: Replacement Heating

1) Safeguard Against the Rusting of Reinforcement Bars in the Concrete.
Has Wandsworth Council made certain that their action to change the type of heating system, from the heating system for which the buildings were designed, and which appears to have resulted in the exterior walls that were dry, but are now with individual boiler systems, now damp, is not, or will not harm the structural fabric of the two buildings, or cause the reinforcement bars in the concrete to rust?

Safeguard Against Concrete Cancer.

Has Wandsworth Council, in implementing their scheme to change the heating system type at McCarthy Court, made certain that the building structure is safeguarded against, and will not be affected by, the possibility of 'concrete cancer' resulting if the concrete structure is now being subjected to unusual amounts of moisture?

Costs To Repair And Rectify.

If one or both of the two above concerns were to materialise, can Wandsworth Council give total unambiguous and unequivocal reassurance that ALL COSTS that may be incurred in any efforts to rectify these problems - including the possible OVER-CLADDING of the exterior walls of McCarthy Court - will be solely undertaken at Wandsworth Council's own expense, and that leaseholders shall not be liable for any of such costs incurred ?

B. The applicant's "table of open space" referred to in the officer's addendum report, p.29.

C. Please confirm the precise basis upon which the Council purports to have the powers to close the park indicating as appropriate what regard it has had to the requirements of s.44 of the PHAAA (as amended) in so asserting.

D. Please also may we have sight of the advice provided by leading counsel to the Council which is referred to at paragraph 25 of paper 12 no 14-651, containing the report to the Executive on 8 December 2014. This advice was relied upon in the decision not to exercise the break clause in the contract with Formula E and is highly relevant to the grounds raised in this claim. We have asked for this advice previously in our letter dated 12 February 2016 but the Council declined to provide it, citing legal professional privilege. Accordingly please disclose any other legal advice relied upon or if a claim of privilege is maintained (notwithstanding the obvious public interest in the disclosure of the same) please provide a summary of the advice relied upon and in particular set out clearly the legal reasoning in support of any contention that the Council is

entitled to close parts of the park for periods in excess of those permitted under s.44 of the PHAAA 1890 (as amended).

F. Please disclose and provide a copy of the recommendations of any health and safety audit produced for or to the Council in respect of lessons to be learnt from the 2015 event which made any recommendations as to the extent of closures required or areas required or recommended to be closed for reasons related to or including health and safety considerations.
