Request details: Standards Complaints

First, I asked for the an account of the criteria you adopt in determining whether any member or official has breached Section 2 of the Code, and in particular the Nolan requirement that "you should be truthful". Since you have not done so, I must now ask you a) for any written documentation that may exist on the procedures for handling complaints, and any guidance for you and other officers on how to determine whether or not a breach has occurred (I note that you refer in your letter of 2 March to 'approved assessment guidelines') ; and b) for documentation on any complaints of breaches of the Code in each of the last five years, and on your determination of them.

Second, I asked for details of the equipment used to transmit of the equipment used to provide the video of the meeting to those attending in the overflow room. I repeat that request, and the request I made in my letter of 15 March for documentation on the Council's policy in relation to the creation and retention of digital records of meetings.

Request details: Carbon emission

Your current consultation regarding the proposed closure of Dr Johnson Avenue running between Tooting Bec Common and Tooting Graveney Common claims that this will "reduce carbon emissions."

In accordance with the Environmental Information Regulations please supply the following information:

1. What is the basis of this claim?
 2. Does the alleged reduction refer simply to the cut in carbon emissions along the closed Dr Johnson Avenue?
 3. Or is it claimed that carbon emissions on surrounding roads will be reduced?
 4. What investigation has Wandsworth Council carried out into the carbon emission impact overall of this proposal?
 5. Does Wandsworth Council accept that the proposal will not just displace traffic but will increase the length of journeys as the more direct routes along Dr Johnson Avenue and Elmbourne Road would no longer be available.
 6. Given higher vehicle mileage and predicted greater congestion resulting from the closure of Dr Johnson Avenue and the associated 'no right turn' into Elmbourne Road what figures does Wandsworth Council have on growth (or conversely reduction) of carbon emissions and pollution as a result?

Request details: CHP & District Heating Plans

We are keen to learn about the future developments and strategies in the areas of Energy Cost Management; reduction of Energy Bills for Tenants; Carbon Emissions Reduction; meeting 2020 targets for Energy Performance Certificate D Rating or above for Housing Stock, in your Borough.

We would be grateful for your feedback in answering the following questions:

- 1) To help reduce fuel poverty in the borough, Combined Heat & Power (CHP) based Local or District Heating Networks are considered as Low Carbon Energy options to conventional heating systems in Residential or Commercial properties – How many new properties are planned to be built over the next 5 to 10 years that are supported by CHP and/or a District Heating Network?
 - 2) What percentage of Housing Stock in the borough will have an EPC rating of D or better by end of 2020?
 - 3) Further to questions 1) above, what plans are in place to convert existing Local Authority Estate or Social Housing Stock to be retrofitted/upgraded to a CHP; Local or District Heating Network over the next 5 to 10 years?
 - 4) In London, for example, the Mayor of London is committed to delivering 25% of London's energy supply by Decentralised Energy (DE) by 2025. District Heating Networks are a key part of this strategy, and already proven to be much more efficient in reducing carbon emissions from Heating Systems in countries like Denmark; Sweden and Germany – what plans has the Local Authority to develop/connect to District Heating Networks in the borough by 2025?
 - 5) A key part of managing energy costs for Local Authority estate, or Social Housing would be to introduce greater levels of Energy Consumption Smart Metering and Sub-Metering for all utilities (Electricity; Gas; Water; Heat) – what plans are in place to introduce greater levels of Metering within the borough over the next 5 to 10 years?
 - 6) Who is the best first point of contact in the Local Authority to understand how we can begin enquiries on how to become a supplier to the Local Authority and Housing Associations (or similar organisations) in the areas of Energy Management and Tenant Billing Services?

Request details: Herbicides used at the Authority

We are currently investigating the use of premixed CDA herbicides (weed killer) and the volumes used per year. I am writing to you to ask whether your authority uses any of these herbicides and what quantity is used per year. Premixed CDA herbicides are used to control weeds, they may be used at your Grounds Maintenance / Parks and Countryside / Streetscene or Highways departments.

The easiest way of establishing whether you use them would be to look up invoices from the two main companies who supply these types of products and see if you have purchased any for these products (herbicides) from them and the quantities they have been purchased in - we are not interested in the prices paid, just the products and quantities used.

We only need quantities for one financial year, ideally for us it would be the last financial year April 2014 to March 2015 but it could be any one year in the last three whichever is the easiest for you.

The companies and products (herbicides) are as follows:-

Company = Rigby Taylor Limited Products
•Discman CDA Biograde may appear on an invoice as "Discman", it is sold in 5 litre containers
•Glyde 144 may appear on an invoice as "Glyde", it is sold in 5 litre containers

Company = Nomix Enviro may also be referred to as "Frontier Agriculture"
Products
•Nomix Hilite may appear on an invoice as "Hilite" it is sold in 5 litre containers
•Nomix Glymark may appear on an invoice as "Glymark" it is sold in 5 litre containers
•Nomix Conqueror Amenity may appear on an invoice as "Conqueror Amenity" it is sold in 5 litre containers
•Nomix Dual may appear on an invoice as "Dual" it is sold in 5 litre containers
•Nomix Blade may appear on an invoice as "Blade" it is sold in 5 litre containers
•Nomix Duplex may appear on an invoice as "Duplex" it is sold in 5 litre containers
•Nomix G may appear on an invoice as "G" it is sold in 5 litre containers
•Nomix Nova may appear on an invoice as "Nova" it is sold in 5 litre containers
•Nomix Revenge may appear on an invoice as "Revenge" it is sold in 5 litre containers

Request details: Oversubscribed primary schools

Please could you supply the following:

1.A list of all primary schools in your Local Authority that were oversubscribed on national offer day in 2016 (18th April). Notes:

- a.Please include all schools offering primary education. For example, please include junior and middle schools if these are present in your local authority.
- b.We define a school to be oversubscribed if and only if at least one on-time applicant was refused a place, and the applicant did not receive an offer from any higher preference school. If there were no refusals, then we do not consider the school to be oversubscribed even if it admitted up to its admission number. If you use a different definition of oversubscription, then please could you make this clear in the response.
- c.If you are not able to provide this information for all schools, then please state which schools you do not know the oversubscription status for.
- d.Please include either URN, DFE code, or address/postcode to allow us to identify the relevant school without ambiguity.

2.For each of the oversubscribed schools identified under 1 above:

- a.The admission criterion that the last successful pupil was admitted under;
 - b.The home to school distance and unit of measurement of this last successful applicant (i.e. the cut off distance), where distance was used to prioritise this last place.

Request details: PFI Postcode, Fines and Deductions

The Request

Sheet 1 Postcodes

Treasury records – Yellow – because the name of individual PFI projects can sometimes change I have asked you to provide in addition to the name, the Unique HMT ID number that identifies a PFI scheme on the HM Treasury spreadsheet so that I can be sure that I am identifying each scheme correctly.
Postal Address – Green – Could you please provide the postal address for each of the PFI projects listed. Where there are multiple addresses, please could you list each in turn and separate each with a forward slash.

Sheet 2 Fines & Deductions

Each of the PFI projects held by the authority may have incurred financial penalties for poor performance. Could you please record the details of each individual fine or deduction, since the first date of operations, in the second page of the spreadsheet.

Deduction information – Green – Could you please give a short narrative summary of the reason for the deduction, select the type of deduction incurred and note whether this was disputed by the contractor.

Date Information – Blue – Could you please record the date on which the deduction was first made then go on to note over how long the deduction was applied.

Financial Information – Orange – Please record the amount that the authority tried to deduct from the contractor, and where the deduction was disputed and the full sum not awarded the final settlement of the dispute.
