Request details: Roehampton Partnership

1.Complaint(s) about the Roehampton Partnership (RP)

1a. How does one make a complaint about either the Chair's conduct of the RP or the RP in general?

1b. If Roehampton residents/organisations feel that there is no confidence in the RP Chair what is the best way of having this highlighted and addressed?

2.Non-attendance

Section 5 of the Constitution states the following – "5. Non-attendance - if a member of the Partnership fails to attend three consecutive meetings of the Partnership, that member shall no longer be treated as a supporter of the Partnership. In order to maintain support of its aims and objectives with all supporters, the member's absence from two consecutive meetings shall be drawn to the attention of the member by the Secretary (in writing to the duly appointed representative) who shall be reminded of the foregoing provisions regarding absence from a fourth meeting". A copy of the current constitution is attached.

This conduct has been referred to in previous RP Minutes by Councillor Ambache – "Councillor Ambache raised the issue of members missing Partnership meetings three times and asked that they be contacted to find out if they still wish to be members of the Partnership. He also raised the point that those deputising for absent members ought to be representative of the member organisation" (Minutes of 8th July 2014 which is attached).

Prior and up to Councillor Ambache's comments the following positions, or people representing these positions, on the RP should have been removed:

- The Health representative as held by Dr Ilves
- One resident should have been replaced.
- Roehampton NUS member
- Business representative – Roehampton Club

Since Councillor Ambache's comment the following members should have been removed;

- Again, the health representative
- Again, the same Roehampton resident
- Again, the Roehampton Club
- The Co-operative Business representative

2a. As a Roehampton resident that lives on the Alton Estate it needs to be asked what are the reasons for the Chair's apathy in exercising this part of the Constitution?

2b. Also, can the Roehampton and Putney Heath ward Councillors please provide an explanation as to the lack of follow up regarding Councillor Ambache's comment at the 8th July 2014 meeting?

2c. Is it acceptable for one RP member, this being the Roehampton Club, to attend 3 out of 13 meetings and none in 2015 and missing the first two of 2016? Of these three, two attendances were when the meetings were held at the Roehampton Club.

3.How to have queries raised at the RP?

Freedom of Information Act requests for: August 2016

3a. Can it be confirmed how the three Roehampton residents have been selected?

3b. If chosen via being in an accredited Residents Association (RA), how would a Roehampton resident whom is not a member of an accredited RA be able to place an item on the RP agenda?

4. Other Roehampton Partnership members

4a. Given there are circa 1,200 leaseholders on the Alton Estate how can leaseholders be better represented on the RP?

4b. As there are circa 600 properties which are rented on the Alton Estate, how can landlords be represented on the RP?

4c. Should the RP be working with landlords as part of a local organisation such as the RP?

4d. If not, please provide an explanation as to why not.

4e. How was Focal Point Opticians chosen to replace Café Joy?

4f. What is the reason for not approaching other businesses such as AAA Convenience or Heanen's butchers?

4g. Please provide information on others that have been approached in the past regarding membership of the RP whom have not accepted.

5. How are agenda items decided on for RP meetings?

At least three important events were not covered or well covered at the 28th June meeting.

Alton Activity Centre:

The following is taken from the Minutes of 15th March 2016 – "Mr. Horrocks raised a motion, formally seconded by Councillor Ambache, that the Partnership (i) call on Wandsworth Council to maintain the vital services to children and their families provided from the Alton Activity Centre at their current level; and (ii) the Council should consult with parents and then inform them about the services it plans to offer after 1st April 2016.

The motion was taken to the vote and passed by 9 votes to 3.

The Chairman said this information would be passed to the Education and Children's Services and Scrutiny Overview and Scrutiny Committee".

5a. How can an item whereby it was overwhelmingly supported by members of the RP not have a follow up discussion or some kind of update at the June RP meeting?

5b. Will this be further discussed at future RP meetings?

5c. Can the Putney Heath and Roehampton ward Councillors please explain what steps they have taken to ensure this motion was followed through?

Alton East regeneration

Council paper 16-277 whilst introduced as "Report by the Economic Development Officer on the regeneration of the Alton West Estate SW15 (Roehampton and Putney Heath)", and is attached for reference, is mainly about demolition and new buildings on the Alton East.

Freedom of Information Act requests for: August 2016

This paper was to be presented to the following Council meetings;

- HOUSING AND REGENERATION OVERVIEW AND SCRUTINY COMMITTEE – 6TH JULY 2016
- GENERAL PURPOSES COMMITTEE – 7TH JULY 2016
- EXECUTIVE – 11TH JULY 2016

5c. Given the most recent RP meeting was held on 28th June, what was the reason for discussing the activities in paper 16-277 at this RP meeting?

5d. Does the Council believe that Alton East residents have been consulted about these activities?

5e. If the answer to 5d is yes, then please explain how Alton East residents have been consulted with?

5f. Can the Putney Heath & Roehampton Councillors please provide comments regarding this paper's contents not being discussed at the June 28th RP meeting?

5g. Can the Putney Heath & Roehampton Councillors please provide a view on whether or not Alton East residents have been consulted with?

5h. In paper 16-277 section 46 it refers to the "Trustees of the Alton Residents Association". Can it please be explained whom this is, whom you will be contacting and can you please share with me their contact details?

Planning application 2016/1385

Given that there were circa 250 objections from the following - The Putney Society, Stoughton Close & Greatham Walk Residents Association, Hersham Close Residents Association, Alton Regeneration Watch, Roehampton Forum, a residents of the Alton Estate petition (initiated by Kimpton House and the photo shows the disdain for these cabins), and individual responses from the following – Greatham Walk, Hilsea Point, Roehampton Gate, Tatchbury House, Kimpton House, Stoughton Close, Chilcombe House, Rushmere House, Crondall House, Farnborough House, Somborne House and Ibsley Gardens - regarding the retrospective planning application for Roehampton University to maintain the portable cabins there has to be queries regarding the RP especially with regards to section 2, this being the "standard and ethics" section.

5h. A member of the RP has a planning application for portable cabins which have been in place for years without planning permission, shouldn't this have been discussed at the RP June 28th meeting?

5i. What was the reason for not discussing this at the June 28th RP meeting?

5j. Is it acceptable that so many local residents have objected to this planning objection and that it is not worthy of a discussion at the RP?

5k. Regarding 5j what do the Putney Heath and Roehampton Councillors have to say about this?

6. Not naming observers

At the Housing Overview and Scrutiny Committee meeting held on 20th January 2016 which was Chaired by Councillor Ellis, there was an observer Cambalt Road Residents' Association named in Council paper 16-7, this paper is attached.

As of RP meeting of 15th March 2016 the Observer names were removed from the RP Minutes.

Freedom of Information Act requests for: August 2016

I emailed asking about this and did not receive a reply, though thankfully it was raised by the Roehampton Forum member Mr Horrocks as outlined in the following – “Observers: Mr Horrocks asked why the names of members of the public who attended the last Partnership meeting as observers had not been recorded as was the usual practice. The Chairman said, in response, that this was the only meeting of the Council where observers were named so it had been decided to dispense with the practice. The number of observers in attendance would be recorded instead”.

6a. Other than the example just highlighted which other Council meetings name observers?

6b. Can the Council please confirm whether this conduct by the Chair is within the grounds of the RP constitution? If so, please explain with context to the relevant section within the current constitution.

6c. If the Forum member did not ask, this likely would have gone unchallenged even though a resident of Roehampton asked this question (copy of the email is attached and the Putney Heath & Roehampton Councillors were copied in). This is not in accordance with section 2, “standard and ethics”? Does the Council agree or disagree, and can a reason for either view please be provided.

7. Distribution of Minutes

Given that according to the Chair the RP is a Council meeting then can;

7a. Draft Minutes and relevant meeting documents be uploaded a week before the RP meetings?

7b. If not, please explain the reason.

7c. Rather than having Minutes uploaded, sometimes months after the meeting, can they be uploaded within a week after the meeting in accordance in other Council meetings?

7d. If not, please explain the reason.

Request details: Public Space Protection Orders

1. Please state how many Public Space Protection Orders the council currently has in place.

2. Of the question 1 figure, please state how many of these PSPOs simply replicate pre-existing Dog Control Orders, Gating Orders, or Designated Public Place Orders.

Notes to question 2 - PSPOs that "simply replicate pre-existing" orders means that the PSPO in question has the same terms and scope (cosmetic changes aside) as the previous order. If the area that the previous order covered was extended under the PSPO, or more prohibited/regulated behaviour was added under the PSPO, then it should not be considered to be replicating a pre-existing order for the purposes of this question.

3. Of the question 1 figure, and excluding the PSPOs referred to in question 2, how many of these PSPOs relate **solely** to dog control (in the manner of a Dog Control Order), alcohol consumption (in the manner of a DPPO), or public access to public rights of way (in the manner of Gating Orders)?

Notes to question 3 - this figure must exclude all PSPOs included in the response to question 2. It should include "new" Dog Control Orders, DPPOs and Gating Orders introduced as PSPOs under the Anti-social Behaviour, Crime and Policing Act 2014 - but only if they **solely** concern this behaviour, and not if they include this behaviour in a broader PSPO covering other behaviour as well.

4. For the PSPOs counted for the question 1 figure - but excluding those PSPOs counted for the question 2 figure or the question 3 figure - please provide details of each PSPO, including the date it was implemented, the area it covers, the activities it regulates or prohibits, and the reasons for its introduction. Please include a copy of each PSPO.

Notes to question 4 - this is simply asking for the requested details of all PSPOs that are not **solely** Dog Control Orders, DPPOs or Gating Orders.

5. Please state how many convictions or sanctions have so far been issued under each PSPO listed in response to question 4. If possible please break this figure down by which part of each PSPO was breached in each case, and whether the penalty was a fine or a conviction.

Notes to question 5 - if the council cannot provide the information requested in question 5 within the section 12 cost limit, please state that the information is "not held" and respond to the remainder of this request. If the data is held by the local police force rather than by the council, please pass on this specific part of my request (ie question 5) to the police force in question.

6. Please provide details of any PSPOs the council is currently proposing or considering, including the dates they would be implemented from, the areas they would cover, the activities they would regulate or prohibit, and the reasons for their proposed introduction.

Request details: Roehampton Partnership Constitution

The following questions are regarding the Roehampton Partnership document "ROEHAMPTON PARTNERSHIP, CONSTITUTION AND RULES FOR CONDUCTING BUSINESS, March 2013, PROPOSED AMENDMENTS 28 JUNE 2016" received from the Council on 14 July 2016.

General questions

1. What is the explanation from the Council that it was fair to RP members to provide them with the suggested constitution amendments the night before the June 28th RP meeting?
2. Does the Council believe that this one evening's notice was enough time for participating RP members to have discussions with their members regarding the proposed constitution amendments? Regardless of whether the answer is yes or no, please provide a justification for the response.
3. What is the geographical boundary covered by the RP?

Current Section 3/Proposed new section 3

4. The suggested maximum number is now 19 and not 20, what is the reason for the proposed amendment?
5. How is the 'Councillor' position chosen? The Roehampton & Putney Heath Ward (RPHW) borders three other wards (these being East Putney, West Putney and West Hill) hence there must be a process by which, for instance, Councillor Sutters has gained a place on the RP.
6. How is the 'Health' position chosen?
7. What is the justification for amending the criteria for 3 'Roehampton residents'?

Regarding point (d) at the Western Area Housing Panel (WAHP) in June 2016 the position for the 3 Roehampton residents came up for election, though this moved to September due to constitutional queries regarding the RP. Each of the 3 Roehampton residents members were to come from the WAHP are ALL accreditation Resident Associations (RAs). At the June WAHP meeting there were the following accredited RAs in attendance;

- Ashburton Sheltered Housing Residents' Association
- Manresa and Minstead Sheltered Housing Residents' Association
- Lennox Sheltered Residents' Association
- Cadnam Point Residents' Association
- Crown Court Residents' Association
- Finchdean House Residents' Association
- Glenthorpe Residents' Association
- Hersham Close Residents' Association
- Innes Gardens Residents' Association
- Putney Vale Residents' Association
- St Margaret's Court Residents Association
- Stockhurst Close Residents' Association
- Stoughton Close and Greatham Walk Residents' Association

The following questions come from this;

8. What is the reason for giving a Sheltered Housing RA a preference over any accreditation association? All accredited RAs currently have a 1 in 13 chance, now the Sheltered Housing RA has a 1 in 3 versus 1 in 10 chance for other RAs, assuming these others remain as chosen from the WAHP.
9. Why has this amendment, and for that matter this proposed constitution, not been shared with WHAP for discussion?
10. Was this amendment discussed with other Council members? If yes, please

Freedom of Information Act requests for: August 2016

detail whom was contacted regarding this amendment and what was the outcome

11.If the Resident Participation Officer for the Western Area did not have this proposed amendment discussed with them, then what was to reason?

12.Is the Council now suggesting an accreditation association member can now come from other than the WHAP?

13.If so, how will this be put in place?

14.If a no Sheltered Housing Residents Association was nominated at the 11th July WAHP meeting and the proposed constitutional changes go through, then how would this have been handled at the WAHP given this new constitution would have, it is assumed, overridden the WAHP election results only three months earlier?

15.Referring to the previous question would a Resident resident then have to make way for the Sheltered Housing Resident Association nomination?

16.What is the Council's justification for not being joined up between the RP and WAHP, both of which are Council bodies?

17.How are the 2 Voluntary/community sector or faith groups selected?

18.How are the 3 local business representatives selected?

19.Shouldn't the Roehampton University be one of the 3 local business representatives selected?

20.If the answer to question 11 is no then why not?

21.Why is the Roehampton NUS member given an automatic seat at the Roehampton Partnership?

22.Given that the Alton Estate makes up effectively half of the Western Area Housing Panel (circa 3,300 properties out of 7,156) by number does the Council believe that the Alton Estate is under represented on the Roehampton Partnership?

23.If the answer to question to the previous is no, then please explain the reason for this being the case.

Current Section 4/Proposed new section 4

24.Regarding text "Membership of the Partnership shall be reviewed at least every three years, as part of a regular review process" does this mean that any member of the Roehampton Partnership is guaranteed a seat for three years?

25.My understanding, for instance, is that if a Roehampton resident, such as Manresa and Minstead Sheltered Housing Residents' Association is selected to be on the Roehampton Partnership, it means that the role of Roehampton resident is in place for three years, though a different Residents Association can represent as a Roehampton resident over each of the three years? This is very important to be clear as this has an impact on the September WAHP meeting which will vote on Roehampton representatives?

Current section 5/Proposed for deletion

26.What reason does the Council have for removing this criteria?

27.Does the Council believe that attending four meetings per annum is too onerous for a group which has the important task of "The purpose of the Partnership is to engage key stakeholders in advising on the development and delivery of regeneration and other development programmes aimed at making Roehampton a better place to live and work"?

28.Does the Council consider is unreasonable to remove a member if they miss 3 consecutive meetings (i.e. 75% of the meetings per annum)? This is even with a warning after 2 consecutive meetings.

29.Regarding text "the member's absence from two consecutive meetings shall be drawn to the attention of the member by the Secretary (in writing to the duly appointed representative) who shall be reminded of the foregoing provisions regarding absence from a fourth meeting" has the Secretary provided this notification to each RP member that this rule applies to?

30.If the answer to the previous question is "no", then please provide an explanation as to the reason for not doing so.

Current section 6/Proposed for deletion

31.What is the reason for deleting this section?

32.Does this mean for instance the nominated person for the seat has to attend and not a replacement even if they come from the same group? For instance, if the Roehampton Forum representative Mr Horrocks is not able to attend, does that mean, for instance, that the current Chair Mr Bishop could not attend in his place?

33.If the answer to the previous question is "yes", then this has to be more carefully considered by RP attendees, then this would seem to be more about the person attending the RP rather than the role of the organisation. What is the Council's view regarding this?

Current Section 7/Proposed section 5

34.Please outline the reason(s) for the change.

Current Section 8/Proposed section 6

35.Please outline the reason(s) for the change.

36.What is the purpose for granting the Chair more constitutional power over the RP members with regards to suspension or termination powers?

37.As it stands the Chair could be said to have failed to have lived up to acting in accordance with the constitution, in this example with regards to the suggested amendment how does the RP sanction the Chair?

Current Section 9/Proposed new section 7

38.Now that there is a requirement to provide written notice of non-attendance, what happens if this written apology is not granted?

39.What is defined as the 'Roehampton area'?

Current Section 18/Proposed new section 14

40.Regarding the text "The responsibility of the Chairman will be an annual position and nominations and the re-election of Chairman will take place by the end of March each year, or in the event of there being no meeting in March, at the next meeting of the Partnership to provide continuity" can it be confirmed whether or not this has been followed?

41.If the answer is 'no' then please provide an explanation for this.

Regarding the comment "The Chairman of the Partnership will be a Cabinet Member of Wandsworth Council in order to provide direct representation and clear communication of Roehampton matters in Cabinet", I have the following queries;

42.How will this communication to the Cabinet be conducted?

43.As a resident of Roehampton I would like to see evidence of these discussions had by the Chair with the Cabinet, how will I be able to see these evidence?

44.What is the reason for a member of the Cabinet having to be the Chair?

45.Where is stated "The term of appointment is one year" it is not clear whether this applies to both Chair and Deputy Chairman, can this be clarified?

Current Section 24/Proposed new section 20

46.The power to dissolve the RP has been removed from the RP itself, what is the reason for the Council in providing itself sole responsibility for this power?

Request details: Rejected DHP Applications

Could you send me answers to these questions:

1) How many applications for Discretionary Housing Payments were made to your Council by eligible applicants in the 2015-2016 financial year?

2) How many of those applications were rejected/unsuccessful?

3) What were the five main reasons that eligible DHP applicants had their DHP applications turned down in the 2015-2016 financial year?

4) If one of the reasons that eligible applicants were turned down was that application forms were not adequately completed, could you please let me know:

-if the Council follows up inadequately completed forms with applicants and how – does the Council contact applicants to ask for missing information, or offer a service to help applicants fill in forms correctly if they have support needs?

- what information do applicants in these cases generally neglect to include – is it supporting information (such as bank statements) that is left out, or do people not complete fields in the application forms?

5) Does your Council restrict the number of DHP awards an applicant can receive? If Yes, how many awards can an eligible applicant receive? Are they excluded from multiple applications even if their financial circumstances remain the same/don't improve?

6) Are DHPs ever awarded to applicants who do not complete your formal application forms – for example, will your council award DHPs to applicants whose councillors or support workers apply on their behalf by email or phone call? If Yes, how many DHPs were awarded that way in the 2015-2016 financial year?

7) Did your Council exceed its government Discretionary Housing Payment allocation in the 2015-2016 financial year? Did your council top up its government allocation?

8) Did your Council return any DHP monies to the DWP as unspent in the 2015-2016 financial year? If yes, what was the total amount returned?

9) How many applications for Discretionary Housing Payments were made to your Council by eligible applicants in the 2014-2015 financial year?

(a) uphold the exclusion despite that direction, and/or

(b) fail to reconsider the exclusion within the time limit specified in the regulations?

Please specify your answer for (a) and (b) in relation to each pupil, so that it is clear whether, for a particular pupil, the IRP ordered (a) only, (b) only, or both (a) and (b).

6. When you talk about a 'discussion' was that user testing of the online service according to the guidelines laid out by Government Digital Service (see www.gov.uk/service-manual/user-research)? If not, can you describe what the process was for testing the website experience?

When you refer to the 'discussion' in your first paragraph, is this the same event described as 'a discussion' in your second paragraph?

Is the 'one member of the public' you refer to in your first paragraph the same entity as 'members of the public' you refer to in your second paragraph? As you are referring to 'members' of the public in the plural in the second paragraph does that indicate that more members of the public were involved in a discussion? If so, how many?

Such complaints will include, for instance, complaints made by residents of the smell of

rotting refuse, in the Ground Floor communal parts, since Wandsworth Council introduced glazing to the communal walkways in an attempt to try to combat the problems of cold in the corridors since the heating system type was changed. The complaint tally is to include, for instance, complaints from residents of their flooring being

caused to warp due to the cold and damp conditions. The complaint tally is to include,

for instance, complaints by residents of children not being able to sleep at their own flat because of the environmental conditions.

The complaint tally is to include complaints that were made to Wandsworth Council. It is to include complaints made to McCarthy Court Management Organisation. The complaints or reports may have been made:-

- Verbally in person
- Over the telephone or by mobile phone
- By email
- By letter
- Made during residents' meetings or other meetings

The complaint tally of the number of reports or complaints is to be the total number of every separate individual complaint, NOT the total number of complainants, i.e. repeated and complaints by individual residents are not to be counted as ONE complaint in the complaint tally, but the total by that resident, and indeed all residents, to be included. If a resident has made a complaint about cold, and subsequently a complaint about mould-growth, likewise this is not ONE complaint but TWO complaints in the complaint tally.

For submission to the high authorities that we are now approaching, we need to know the total number of each and every separate complaint.
