Where provisions to tackle antisocial behaviour contained in the Antisocial Behaviour, Crime and Policing Act 2014 (Injunction to Prevent Nuisance and Annoyance, Community Protection Notice, Public Space Protection Order, Criminal Behaviour Order) have been used against rough sleeping (see below for a definition of rough sleeping) or associated behaviours (e.g. placement of material deemed to be bedding on the floor; sleeping in public; sleeping out after dark), how many of the following interventions have been made for failing to comply with any of the measures, between the Act's implementation in October 2014 and April 2016:

If possible within the cost limits, could you give the demographic breakdown of the aggregate number of interventions? So looking at prosecutions, convictions, Fixed Penalty Notices, cautions, fines and prison sentences as one whole group, what is the demographic breakdown (gender, nationality, ethnicity and whether adult or child) of this group?

And also, how many of each of these early interventions commonly used to resolve antisocial behaviour before resorting to provisions in the Antisocial Behaviour, Crime and Policing Act 2014, have been used to tackle rough sleeping or associated behaviours (e.g. placement of material deemed to be bedding on the floor; sleeping in public; sleeping out after dark) between the Act's implementation in October 2014 and April 2016:

- c) Mediation
- d) Acceptable Behaviour Contracts

So looking at warnings, community remedies, mediations, Acceptable Behaviour Contracts, and referrals to support or counselling services as one whole group, what is the demographic breakdown (gender, nationality, ethnicity and whether adult or child) of this group? Could you clarify whether you are only recording data on interventions for failing to comply for cases that your authority is responsible for.

Request details: Formula E - Battersea Park Reinstatement

please provide detailed responses to the following questions:-

1. Why was the Council unwilling to release details when requested by our Group of the original Formula E proposals for reinstatement? The reasons given to date was that these proposals were under discussion but if fully formed proposals had been submitted by Formula E why were these kept from public scrutiny.
2. Who took this decision that these detailed proposals should not be shared with the public and why was this information withheld?
3. Who took the decision to modify the original proposals we assume to retain areas of Tarmac? These were clearly identified previously as areas that impacted on the amenity value and heritage layout of the park?
4. Why were the Council it appears so secretive over these proposals where they knew how controversial they would be? If this was the case did they not have a duty to disclose these proposals, made not by Formula E but within the Council, rather than appearing to act in a conspiratorial manner?
5. If Formula E has submitted its proposals who is the individual driving the changes to these and who will decide whether these modifications are acceptable or not?
6. Why after three months have the Council still not disclosed as promised the original Formula E proposals and why are they again not disclosing the modified proposals they sent to the HLF?

Request details: Section 17 Housing

This request is about the provision of Section 17 (s17) housing (of the Children's Act) by social services. I would like to know:

1a) How many assessments for housing help under s17 you have carried out, and how many times S17 housing was given, for each year since records began. Note: If this is not recorded easily can I just have either the numbers for each year since it was started to be recorded in an accessible format, or if that never happened, the last year.

1b) The numbers in 1a broken down for assessments being made due to 'no recourse for public funds' and due to being found 'intentionally homeless' during a homeless application

1c) The number of families housed under s17 accommodation by you in each council area in the last year (eg. 5 in Crawley, 2 in Milton Keynes etc.). No need to list any council areas where you did not house people. And use the last 12 months or the last year that you recorded, either is fine.

2) How do you find the accommodation you use to house people who require a s17 provision? Do you use letting agents? If so, what are the names of the companies who find s17 accommodation for you?

3a) How much do you pay letting agents in admin fees for each property they find you to provide s17 accommodation?

3b) How much in the last year have you spent in total on letting agent fees?

3c) What is the range of rents for s17 accommodation in the last year: cheapest per period (night or week or month) and most expensive per period? And also the average rent per period for s17 accommodation.

3d) Do you regularly make payments on top of rent to S17 landlords? If so, what are they for and how much?

4) Number of times last year that s17 housing funding was ended by the council deciding no longer to provide it (rather than the family no longer needing it)

5) The average time a family currently in s17 housing has been in it? And the longest time someone who is currently in S17 housing has been in it for?

6a) Number of times last year that a family requesting s17 housing agreed to voluntary separation of the children from the parents?

6b) Number of times last year that a family requesting s17 housing had a non-voluntary order for the separation of the children from the parents?

Request details: Godley Road Roof Works

My questions are, please:-

- 1) identify the total number of flats (including ground floor flats) which are a part of a Block which has been, or is to be, reroofed as part of the Magdalen Park Reroofing.
 - 2) identify the number of flats within the total identified at 1) above which are:-
 - a) owned by long leaseholders from whom the Council seeks to recover 50% of the cost of reroofing the Block of which the flat forms part or (in shared ownership situations) a contribution to that 50%
 - b) held by the Council in circumstances where the Council is responsible for the maintenance of the structure of the Block of which the flat forms part, without lawful entitlement to recover the cost of such maintenance from a tenant and
 - c) held by the Council vacant and not subject to a long lease
 - 3) state the total price paid or payable by the Council to all Contractors for the Magdalen Park Reroofing
 - 4) confirm that no Contractor has undertaken or performed or agreed to undertake or perform any works and/or services for the Council or any nominee of the Council except at full market cost established by competitive tender for that item of work and/or service
 - 5) confirm that the cost of the Magdalen Park Reroofing has been and is being fairly, proportionately and appropriately apportioned between all properties identified at 1) above so that those properties owned by long leaseholders are not being asked to bear by any means more of that cost than a fair and equitable part, calculated in direct proportion to the number of properties included in the Magdalen Park Reroofing.
 - 6) confirm that the Council has not entered and will not enter into any arrangement of any nature whereby the Council or its nominee will receive a benefit which will result in any long leaseholder of a flat in a Block bearing a greater proportion of the cost of the Magdalen Park Reroofing than the fair and equitable part referred to in 5) above.
 - 7) What is the percentage profit margin being employed by WBC Operational Services for the Magdalen Park Reroofing.
- For the avoidance of doubt, these questions are raised under the Freedom of Information Act as well as for the purpose of establishing the reasonableness or otherwise of the projected costs .
