The right choice of independent school

This booklet is one of two guides which the council makes available each year to parents of children in the borough's primary schools who will be transferring to secondary school next September.

While *Choose a Wandsworth Secondary School* remains the essential reference document for anyone interested in the borough's maintained schools and academies, *Choose an Independent School* looks at the options for those able to consider a fee-paying alternative.

We include those independent schools which are actually Wandsworth-based or fall within easy commuting distance.

Each school offers some form of financial assistance towards the cost of the place, usually through a limited number of bursaries or scholarships.

Although the publication is a Wandsworth Council initiative, it is wholly funded by the schools. I hope you find it a helpful source of ideas and information as you set about the task of finding the right school for your son or daughter.

Will Sweet

Cabinet Member for Education and Children's Services

Alleyn's School

"...the atmosphere is 'quite simply happy' and '...an overwhelmingly kind community where you are allowed to be yourself and to excel in your own way.'"

- The Good Schools Guide, 2018

Alleyn's offers co-educational excellence in an inclusive and caring community for boys and girls aged 11 to 18. We are academically selective and welcome pupils from a variety of state and independent schools, and a host of different backgrounds. One third of our intake at 11+ is from our Junior School.

Alleyn's pupils are polite, articulate, and most importantly happy. While exam results are consistently outstanding at both GCSE and A level, we see them as a by-product of the rounded education we offer. The vast majority of our leavers move on to top university courses and specialist centres of learning for a wide range of disciplines such as music, veterinary sciences, the arts and medicine.

Alleyn's is known for its excellent pastoral care and for encouraging pupils to engage in the widest possible range of co-curricular activities. Our co-curricular provision includes numerous clubs and societies, volunteering and outreach, as well as CCF and one of the largest Duke of Edinburgh programmes in the south-east of England.

Our 28-acre campus features superb facilities for science, music, art and drama. These include the R.V. Jones Science Building, complete with cloud chamber and rooftop observatory, the RIBA award-winning MCT theatre, the admirably equipped Hooper Music School, a dedicated dance studio and a state-of-the-art, RIBA London award-winning Lower School building that is the home for our Year 7 and Year 8 pupils.

Sport, PE and games are an important part of life at Alleyn's, with pupils, whatever their starting point, enjoying football, netball, hockey, cricket, basketball, fives, swimming, water polo and athletics, among other activities. Pupils appreciate our sports fields, cricket grounds, tennis courts, multi-use games area (MUGA) and Astroturf pitch, as well as our gyms, swimming pool complex and viewing gallery, and Olympic standard timing system.

Means-tested bursaries of up to 100% are available and we are keen to offer places to academically able children who might flourish here but whose family is unable to meet the fees. Our registration fee is waived for those who qualify for pupil premium.

We also offer a range of academic, music, sports and art scholarships.

Dulwich College

Dulwich College offers a caring, supportive and well-ordered environment in which boys from a variety of cultural and social backgrounds can feel secure and equally valued. The College is academically selective and welcomes pupils into Year 7, Year 9 and Year 12 from a wide range of schools from both the maintained and independent sectors.

Founded in 1619, Dulwich benefits from historic buildings surrounded by 70 acres of well-kept grounds and sports fields. The College has some of the best facilities in the area and a long tradition of academic, cultural and sporting success. A level results now show more than 95% of results regularly at A*, A, B grades. Nearly all leavers progress to degree courses at top universities with more than one in ten going to Oxbridge.

Each pupil at Dulwich is provided with an appropriate academic challenge to allow all boys to achieve their potential, whilst a huge range of co-curricular activities and clubs and societies inspire students to develop valuable skills of team work and leadership.

Music and Drama flourish at Dulwich and many gifted musicians are attracted by the high standards and excellent facilities. Dramatic productions at all levels of the school are regularly staged in the College's own Edward Alleyn Theatre. In addition to rugby, football, hockey and cricket, more than 20 sports are regularly played at Dulwich and all pupils are encouraged to find a sport and develop a breadth of interests which will harness their enthusiasm and talents.

Dulwich College offers a significant number of bursaries each year and warmly welcomes applications from boys who are intellectually curious and enthusiastic to stretch themselves to their limits. No distinction is made at Dulwich between those boys in receipt of financial assistance and those not; the aim is educational excellence irrespective of background or circumstance and the College celebrates this diversity and the benefits it brings to the community.

The assessment for calculating bursary support takes into account the family's total income and assets from all sources. As a broad guide, those eligible may have annual parental income up to £90,000. For all confidential bursary enquiries please contact the Registrar Mrs Sarah Betts.

Bus Service for pupils in and around Wimbledon.

Hall School Wimbledon

Situated close to the village, Hall School Wimbledon is the only co-educational, all-through school (5-18) in Wimbledon which thrives on its inclusive and independent nature.

Hall School Wimbledon is committed to an education that has the wellbeing of each pupil at its heart; to develop individuals who flourish in the fullest sense. We aim to equip our pupils to be happy and confident, form lasting relationships with others, and develop them into well-rounded individuals able to take on the challenges life throws at them.

The core values of Hall School Wimbledon are its 3 Is- Inclusive, Individual and Inspiring - which is our DNA and gives us direction, provides cohesion and a sense of mission. All pupils and students are valued regardless of academic prowess, artistic flair or sporting ability, with opportunities for all to join in and try new things.

Our facilities:

1. Both the Junior and Senior Schools are located onsite in Wimbledon.
2. Our main buildings house Science laboratories, Music suite, a gym, a dining hall, Art and Photography Studio and a Computer Science suite.
3. Our extensive playing fields - Oberon - is a nine acre site providing a beautiful, refurbished pavilion for Drama and Music performances and extensive playing fields in Wimbledon. The school's Sports Day and sporting activities such as football, cricket, rugby, athletics, rounders and softball take place on the site.

Co curricular:

Teaching and learning occurs not only in the classroom, but across an extensive range of co-curricular pursuits in sport, music, drama, Duke of Edinburgh Award, boot camp and many other domains. These activities help our pupils to discover new skills in leadership, teamwork, communication and to develop the determination, resilience and confidence required to flourish in life at school and beyond.

Scholarships

Hall School Wimbledon offers a limited number of scholarships each year to gifted and talented children. These cover Academic, Arts and Sport and are awarded to pupils applying for a place in Year 7.

Ibstock Place School

Ibstock Place School is set in an eight acre campus on the edge of Richmond Park.

We offer a rich variety of opportunity, a strong family ethos and a friendly, supportive atmosphere. There is a passionate belief in pupils receiving a challenging and inspirational education; great importance is attached to the development of pupils' individuality and pupils having regard for tolerance, courtesy and respect. We have a thriving Outreach and Partnerships programme.

An impressive new Theatre opened in 2015. A new Refectory opened in 2020. Sports fields and a purpose built Sports Hall are also within the campus. Science laboratories are housed in New School and an Innovation Centre accommodates Computing and 3D printing.

Ibstock Place School has high expectations and wants all pupils to find their strengths, whether it is the promising musician, the meticulous scholar, the outstanding sportsman or the talented artist. We see our responsibility as a school in ensuring that the accomplishments of all pupils reflect their potential and that they leave us as creative, resilient, sensitive and empathetic adults.

ISI inspectors rated all eight areas scrutinised 'Excellent' at the last inspection. New in post from January 2021, Mr Christopher J Wolsey, Headmaster, holds HMC membership.

James Allen's Girls' School

James Allen's Girls' School

JAGS' splendid 22-acre site in Dulwich provides excellent facilities, including a new music centre, sports centre with indoor swimming pool, dance studios, artificial turf pitches, Sixth Form centre, large library, modern languages laboratories, 13 science laboratories, botany gardens, purpose built theatre and drama studio.

Renowned for academic achievements at both GCSE and A-level, JAGS also has a rich array of extra-curricular activities. Girls' sporting and artistic talents are valued and developed. Pupils' stunning artwork is on display, as are photos of regular productions staged in our Prissian Theatre. Music is another great strength with 6 school choirs, 4 orchestras and numerous ensembles and groups; everyone is encouraged to sing or play. Community action and active citizenship lie at the heart of the school.

Classics, modern languages and separate sciences are offered, within a broad curriculum. ICT is integrated throughout the curriculum and Computer Science is taught from Year 7. Learning is enhanced by modern technology.

JAGS offers a rich social and cultural mix. Girls are encouraged to take responsibility and to develop self-confidence in a sympathetic and caring environment which prizes consideration and courtesy. A supportive system of pastoral care helps girls discover their full potential and independence. The school is easily accessible by train and coach from a wide area. Scholarships are offered at 11+ and 16+ as well as for deferred 13+ entry and means tested bursaries are available across all year groups.

Lady Eleanor Holles

Lady Eleanor Holles (LEH) is a remarkable school. It is a school where pupils successfully combine impressive intellectual endeavour with enthusiastic engagement well beyond academia. The students' public exam results and their sporting achievements are among the best in the country. Their musical and dramatic activities place them among the best of young performers. And most importantly of all, their stimulating and happy approach to all they do makes LEH a joy for me to lead.

There is so much more to LEH life than academic achievement: if young people left here with excellent exam results alone, we would be disappointed. Our goal is that LEH pupils become expert learners, unafraid to tackle new and challenging ideas, prepared to take risks, and able to learn from failure.

Our school motto "Hope Favours the Bold" sums it up beautifully – at LEH, pupils learn to be courageous and ever hopeful, optimistic and determined in all that they do.

LEH is a vibrant and caring community. We're determined that parental income should not limit access to this wonderful school and our generous bursary programme ensures that deserving pupils can still be offered the opportunity of studying here. In 2021, we are supporting 58 bursary students, with 41 having entirely free places. All bursary students receive help with the cost of uniform, books, iPad, lunches, educational trips and transport to and from school.

Our facilities are set in a 24 acre plot and are outstanding for a day school, including purpose built theatre and music blocks, art studios, state-of-the-art Computing and Product Design suites, four lacrosse pitches, six outdoor courts, a modern sports hall and an indoor swimming pool.

Throughout its 300 year history LEH has produced many remarkable women. If you think your daughter would enjoy joining their ranks, please come and visit us. Only by seeing the school in action will you get a true flavour of all that an LEH education offers.

I look forward to meeting you in person.

Heather Hanbury
 Head Mistress

Entrance to the school is via its own academic entrance examinations and an interview. Academic and Music Scholarships, and Bursaries (up to 100% basic fee) are available.

Putney High School

Putney delivers a forward-thinking education that is broad, inspiring and relevant to the future world of work. We build creative thinkers with transferable skills, who aren't afraid to think or do things differently.

A Putney education is both innovative and scholarly.

A cutting-edge Science, Music, Drama & Debating centre opens in autumn 2021, home to a broad offering of GCSE, A Level and pre-U subjects which allow students the flexibility to find their personal strengths and enjoy a busy and rewarding academic and co-curricular life.

The school's own boathouse at Putney Embankment is the only women's boathouse on the Tideway and girls excel at sports as diverse as Lacrosse, Gymnastics, Football and Cricket.

Dedicated US Universities and UCAS coordinators ensure that students go on to some of the best universities in the world, winning scholarships to Princeton and places at Oxford, Cambridge, Imperial College and Durham amongst others. The music and arts departments regularly see exceptionally high acceptance rates at top music conservatoires and art colleges.

We believe passionately in equality of opportunity whether through the diversity of our community, or the vast range of activities available both in and beyond the classroom. Our students leave us with the confidence and the resourcefulness to be intrepid in life, along with a keen understanding of who they are and how they can contribute to a wider world.

Thames Christian School

As we begin our third decade, we are increasingly aware that young people require an education that prepares them to navigate life successfully. Although academic rigour is foundational for us at Thames, we are passionate about seeing young people understand their value and learn to contribute to the wider community.

Small classes and excellent pastoral care enable us to challenge and support each individual in their learning and in building good interpersonal skills. Our ethos of compassion, respect and humility enables young people to grow in confidence and in their appreciation of each other.

Pupils are encouraged to keep their options open, taking a broad combination of GCSEs including separate sciences, arts subjects, languages and humanities. Pupils pursue subjects that develop their skills and aspirations, attaining qualifications that open doors to future career choices.

Many of our pupils are academically or artistically gifted and perform highly in GCSE exams, considerably out-performing the national average. Pupils can participate in a vibrant programme of external competitions and co-curricular activities, including the Duke of Edinburgh Award and our award-winning trip to Africa.

We look forward to moving into our new building adjacent to Clapham Junction in December 2021. We anticipate a richer curriculum in a purpose-built facility that includes multiple science laboratories, art, design technology and textiles studios, food technology room, theatre, dance/drama studio, music facilities, library, a sixth form centre and use of an adjoining multi-use games area. However it will be our ethos and values that will continue to define us, not our building.
