Request details: Statements for Media

Please could you provide me with statements prepared for release to the media only upon direct request by the media.

This material is sometimes described as 'lines to take', 'on-demand', 'response to query', 'if pressed' or 'request only'.

It is disclosed in response to a particular inquiry on a particular subject from a media representative.

It will have been drawn up in officer time and by its nature will include information which has been deemed as being in the public interest to disclose, if requested.

It will be quickly traceable via a simple database search using one of the above keywords.

Please could you send me copies of all of these prepared statements from the past six months in whatever form they exist.

This is a much slimmed-down version of my original request, which was rejected on the grounds that it would cost too much to fulfil.

As an additional request, I would also like sight of all internal correspondence made in relation to my original request, submitted in October 2013.

Request details: Active Travel and Leisure Facility Expenditure

The total funding allocation apportioned towards programmes designed to encourage, promote or facilitate cycling, walking or any other types of active transport in the area from the transport, environmental or urban planning departments for the 2013/14 financial year.

If there is no spend in these areas to attribute, I would like to request the confirmation that no funds have been allocated.

Where this amount is as a result of specific ongoing investments, please appropriately apportion the amount of this spend which will be allocated for the 2013/14 financial year. Where this is not possible, please give the total amount of the investment including all years.

Furthermore, I would like to receive the details of the total amount of money spent on leisure facilities and leisure services which fall under the remit of the local authority, for the 2013/14 financial year as a separate figure. In this instance, 'leisure facilities and services' are considered all leisure providers where physical activity provision is a key component of its service.

Request details: Income from Over Vends

Please would you tell me:

1 a) How much money the council received in "over-vend" from parking meters in the 2010/11, 2011/12 and 2012/13 financial years.

b) Please break these figures down by year, so that it is possible to see how much income was received in each financial year.

I define "over-vend" as additional revenue on top of the stated charge received from parking meters that do not give change. For instance, if a charge for parking a car in a car park was £2.80, but the customer paid £3.00 because they did not have exact change and the meter did not give change, then the over-vend would be 20p.

Request details: Credits on Council Tax Accounts

I would like to know the number of 'closed' council tax accounts which have a credit balance and the total value of that credit balance.

For clarification purposes: -

- I do not require an individual listing, just a total count and total value.
- A 'closed' account in this instance is an account where there is no on-going liability for council tax.
- Where possible I would like the figure broken down into the following time relate categories
 - o Account closed since 1st January 2014
 - o Account closed 1st October 2013 to 31st December 2013
 - o Account closed 1st April 2013 to 30th September 2013
 - o Account closed prior to 31st March 2013.
- I appreciate that council tax accounts are managed on a daily basis, so appreciate that any information provided will be a snapshot at a point in time. Please specify the date at which the snapshot is provided.

In addition I would like to know the authority's policy on refunding overpayments of council tax, where liability has ceased.

- Is a refund automatically issued to the account holder, or is the customer required to claim the refund?
- If the customer is required to claim the refund, are they notified of the credit balance on their account?
- Is a refund issued, irrespective of the credit balance, or is there a minimum value below which a refund is not issued?
- If there is a minimum balance, please state that value?

Request details: Funding of Public Health Services

Since April 2013, local authorities have been responsible for commissioning public health services through 'local enhanced services (LESs)' and will continue to commission such services from April this year.

Please could you respond to the following inquiry on the funding of these services by your local authority, under the Freedom of Information Act.

1. What local enhanced services did you commission from GP practices for 2013/14?
 2. How much of your budget did you allocate for each of these services in 2013/14?
 3. Which of these services are you recommissioning in 2014/15? Which have you decommissioned?
 4. For the services you are intending to recommission, how much of your budget are you intending to allocate for each of these services in 2014/15?
 5. Are you intending to offer any new service contracts for 2014/15 that GPs would be able to provide? How much are you allocating for these new services?
 6. For question 5, will these new contracts be offered through a single contract, a part of a full tendering process or through the any qualified provider route?
 7. If you have already commissioned these services for 2014/15, please can you tell me how they were commissioned and who – other than GP practices – will be providing these services?

Request details: Desegregation of Shared-Use Paths

Please provide the following information (preferably in an electronic format, such as .pdf files sent by email):

1 Confirmation of the numbers of people who have been recorded by Wandsworth Council ('the Council') as supporting, and the number of those opposing, the proposed changes to the cycle lanes in Tooting Bec Common and Wandsworth Common ('the cycle lanes').

2 Details of the projected cost savings from the desegregation of the cycle lanes.

3a Details of the amounts spent (specifically) on maintaining the cycle lanes per annum since the current layout was implemented (excluding cleaning / sweeping of paths).

3b Details of any works that have been undertaken to repair or improve the painted lines, path surface or bicycle/pedestrian symbols on the cycle lanes since the current layout was implemented.

3c Details of the problems that the raised white lines have allegedly caused for Council vehicles (or those of the Council's contractors) and an explanation of the alleged associated costs, with supporting evidence. If no such information is held, please explain why such an allegation was made to Sadiq Khan MP.

3d Please explain why the Council or its contractors would use vehicles in the Commons that are unable to cope with the raised, white dividing lines (which are significantly smaller than the large number of traffic-calming facilities in the borough, like speed humps and raised tables at junctions).

4 Details of the number and severity of recorded collisions on the cycle lanes over the past ten years. Details of the number and severity of collisions on the roads adjoining/bisecting the two Commons.

5 An explanation of how this desegregation proposal meets the policy of the Council to provide segregated cycle lanes 'where possible'.

6 Where was funding for the construction of the current layout of the cycle lanes obtained from?

7 Where will funding for the desegregation of the cycle lanes be obtained from?

8 If the project is to be financed from funds intended for the improvement of cycling facilities, why is a scheme that the vast majority of local cyclists oppose deemed to be an appropriate use of such funding?

9a What is the Council's understanding of the policy of Guide Dogs and the RNIB regarding unsegregated cycle lanes (particularly heavily-used ones)?

9b How can the desegregation of the cycle lanes benefit those with visual, hearing or mobility disabilities?

9c What impact assessment has been undertaken of the impact of these proposed changes to the cycle lanes on disabled people, young and old people and other people who have 'protected characteristics' as defined by the Equality Act?

Freedom of Information Act requests for: March 2014

10 What is the Council's understanding of other guidance regarding the segregation of shared-use cycle lanes that have high levels of usage (as issued by Sustrans, TfL and the DfT, including the Mayor's 'Cycling Vision' document)? Does the Council consider these cycle lanes to have high levels of usage by cyclists and/or pedestrians?

12 What are the current usage levels of the cycle lanes? When were these measured, and by whom?

13 Please explain why no letters or leaflets were sent to residents around the two Commons to advise them of these proposals. What is the Council's policy regarding such correspondence?

Request details: Insurance

1. Does your organisation insure with Zurich Municipal via their Select group of policies ? Yes/No

2. If yes, does your organisation have an All Risks - Part K policy under the Select group of policies ? Yes/No

There are 2 versions of this policy in existence. An older document which has been in existence for over 25 yrs and a newer policy which came into existence several years ago. To determine which policy you have it will be necessary to look at the page numbers in the Select Property Module itself. Please note that the all risks policy schedules are not the same thing. You should have a copy of the Select Property Module in your insurance section or have access to a copy which is applicable to the version of the policy you have. The page numbers of where the All Risks Part K policy is contained within the Select Property Module will indicate which policy you have and I have highlighted these in bold to assist you. The questions therefore are:

3. Is your cover arranged via the older All Risks - Part K policy Yes/No (page no 32 or 37 in Select Property Module)

4. Is your cover arranged via the newer All Risks policy which has (Part K on page 48 and Part K (a) on page 51 in Select Property Module) Yes/No

5. Does your organisation have any art galleries or museums which relies on cover via 3 or 4 above Yes/No

6. All Councils at one time were covered via the older version of this All Risks - Part K policy. If you are now insured via the newer version in 4 above can you indicate the approx year (2011/2012) that you switched to the newer version.

4. The total council tax collected from all "protected" Council Tax Support claimants during 2013/14, as of 31st March 2014 (2013/14 tax only)
5. The total council tax charged to all "non-protected" Council Tax Support claimants (excluding pensioners) during the course of 2013/14 (2013/14 tax only)
6. The total council tax collected from all "non-protected" Council Tax Support claimants (excluding pensioners) during 2013/14, as of 31st March 2014 (2013/14 tax only)

7. The total number of council tax accounts that were in receipt of working age Council Tax Support at some point during 2013/14 (if known)

In questions 3-6, "protected" means those claimants who are entitled to a maximum of 100% support (prior to income-based means testing) under the council's 2013/14 Council Tax Support scheme – this will include pensioners, and may include disabled people, lone parents etc, depending on the council's CTS scheme. Note – this includes claimants who are required to pay some council tax due to the income means test, but are nevertheless "protected" groups under the council's CTS scheme (needless to say, a claimant who is ineligible for CTS once the means test has been carried out is not considered a claimant). "Non-protected" means those falling outside protected groups – this will essentially mean most working age claimants.

If data is not held (or is not obtainable within the section 12 cost limit) for questions 3-6, please provide data for the following questions 8-11:

8. The total council tax charged to all pension age Council Tax Support claimants during the course of 2013/14 (2013/14 tax only)
9. The total council tax collected from all pension age Council Tax Support claimants) during 2013/14, as of 31st March 2014 (2013/14 tax only)
10. The total council tax charged to all working age Council Tax Support claimants (excluding pensioners) during the course of 2013/14 (2013/14 tax only)
11. The total council tax collected from all working age Council Tax Support claimants (excluding pensioners) during 2013/14, as of 31st March 2014 (2013/14 tax only)

Please note - ALL QUESTIONS ARE NET OF AWARDED BENEFITS, DISCOUNTS AND EXEMPTIONS. This request relates to net collectible debts. The information the council supplies for questions 1-11 depends on how the council records such data – if the council does not hold the data in the requested form for any question, it is not expected to examine individual council tax payer records to create the data. This should ensure that the section 12 exemption does not arise. If the council does not have the requested data, but does hold similar data – e.g. data for Council Tax Support claimants formerly entitled to 100% Council Tax Benefit – please provide that data with a brief description of what is being measured.

If data for questions 2, 4 and 6 (or 2, 9 and 11) are not available as of 31st March 2014, please provide data correct to either 1st April 2014 or the most recent data available preceding 31st March 2014 (please state the date the data is correct to).

Request details: Changes in Road Layout - Nightingale Lane

The new road layout on Nightingale Lane certainly does not seem consistent either with the Mayor's or the council's stated objectives of promoting safe cycling in London.

Perhaps there exists some form of rationale for this type of road layout. If so I would like to request a copy of the report/rationale under the freedom of information act. In addition I would like to request any reports/considerations/emails on the safety aspects of this type of road layout.
