Request details: C3 Use Distinction From C4 Use

Which groups of tenants are allowed to be part of this planning class:

- C3(c) allows for groups of people (up to six) living together as a single household. This allows for those groupings that do not fall within the C4 HMO definition, but which fell within the previous C3 use class, to be provided for i.e. a small religious community may fall into this section as could a homeowner who is living with a lodger.

There appears to be a fine line between c3c and c4. It would be good to make this line clear from your point of view

It sounds like students could fall under this. Housing benefit clients referred from the same homeless centre would too. As long as we have some shared facilities within the house and they do things together, such as dine together

Furthermore, please provide us the areas in which you will welcome c4 use properties, hostels and hotels

Request details: Primary Schools

How do you predict the number of primary school pupils will change in your area between from 2012 to 2016*?

*I am suggesting these dates – but to keep the time/costs down, if you have information included in a published plan for similar dates that will be fine.

How many places do you need to provide to meet the population change?

How many primary schools will be expanding in your area?

How many new primary schools will be opening in your area?

How many primary schools in your area will lose playground/playing field space because of the need to expand – ie there will be building on the current playground?

How many will primary schools will need to expand pupil numbers but not lose playground/playing field space?

How many will primary schools will need to expand pupil numbers and increase playground/playing field space?

Request details: Planning Proposal 2014/1591

You mentioned that the Southern Area team had been contacted regarding management issues related to planning proposal 2014/1591.

In the event of the proposed development going ahead:

1. Has the council agreed to removal of the existing gallows-gate which currently provides secure parking for residents?
2. Has the council reached agreement regarding how people from the neighbouring development (seven private dwellings and a restaurant) would access the Estate in order to reach the proposed rubbish and storage areas? (e.g. would they be provided with keys to the Estate?).
3. How will the existing car park remain secure at night if the neighbouring property require 24-hour access? (e.g. will the council fit an automatic lock to the gallows-gate to ensure that the gate is not left open by our neighbours).
4. In the event that the neighbouring property has access to the car park, will the Leaseholders of 94-98A continue to be financially responsible for the maintenance of the car park, or will the council take over funding for this?
5. Have the developers paid the council to allow them access to the Estate?

If you are unable to answer these questions, then I would be grateful if you could forward any information regarding discussions between yourself and the developers with respect to planning proposal 2014/1591
