A mindful sound journey into Roehampton

Imagine taking a walk around Roehampton... just listening... to the wind blow into the trees, the cars passing by, a dog barking in the distance, the crows, the sounds of your foot steps, the kids playing football, kicking the ball, the bounce of the ball, an ambulance siren wailing, a door slam, an alarm bleep, a phone ring...

An immersive sound experience.

Artist installation with sound, art, video, improvised music.

An exhibition about experiencing Roehampton and the Alton Estate.

Mindful, meditative, reflective.
