Do you consider the Local Plan is legally compliant? Yes

Do you consider the Local Plan is sound? No

If you have entered 'No' to the above, please answer the below. Otherwise, please go to the next question. Do you think the Local Plan is unsound because it is not: (Please tick all that apply)

Effective

Do you consider the Local Plan complies with the duty to co-operate? No

Please give details of why you think the Local Plan is not legally compliant and/or is unsound and/or fails to comply with the duty to co-operate.

If you wish to provide comments in support of the legal compliance and/or soundness of the Local Plan, or its compliance with the duty to co-operate, please use this box to set out your comments.

Please note your response should provide succinctly all the information, evidence and supporting information necessary to support / justify the response. After this stage, further submission will only be at the request of the Inspector, based on the matters and issues they identify for examination.

The Council's vision for Tooting bases itself around reducing the dominance of motor vehicles and yet the actions of fellow Council members alienate those who want to engage in active travel via cycling or by walking. This is evident by Councillors from Nightingale Ward lobbying Transport for London in removing key parts of infrastructure on Cycle Superhighway 7.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, when considering any legal compliance or soundness matter you have identified in the question above.

Please note that non-compliance with the duty to co-operate is incapable of modification at examination.

You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Please note your response should provide succinctly all the information, evidence and supporting information necessary to support / justify the suggested change. After this stage, further submission will only be at the request of the Inspector, based on the matters and issues they identify for examination.

Wandsworth Council should commit themselves to improving Cycle Superhighway 7 albeit at the inconvenience to motorists. They say that they want to reduce vehicle dominance, so they should not be consistently swayed by the motoring industry.

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

If you are seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)? (Please tick box as appropriate) Yes, I wish to participate in hearing session(s)

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

I am an avid cyclist and cycle to my job as a student nurse and to university and so would like to be involved as much as possible.
