As a local resident of Battersea, I would like to register my full support for the building of the Diamond Jubilee Foot and cycle bridge. I am one of many Londoners who is limiting my use of cars and motor transport in favour of more environmentally friendly cycling. This bridge would mean more cycle journeys for me each week. I could not be more enthusiastic in my support of the scheme.

**Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, when considering any legal compliance or soundness matter you have identified in the question above.**

**Please note that non-compliance with the duty to co-operate is incapable of modification at examination.**

**You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

*Please note your response should provide succinctly all the information, evidence and supporting information necessary to support / justify the suggested change. After this stage, further submission will only be at the request of the Inspector, based on the matters and issues they identify for examination.*
