## 1 Introduction

1.2 This Consultation Statement accompanies the Wandsworth Draft Local Plan at the stage of its submission to the Planning Inspectorate for Examination in Public. This Consultation statement describes how the Council has undertaken public consultation and stakeholder involvement in the production of the Local Plan, setting out how such efforts have shaped the Plan; together with the key and main issues raised by representations, and where appropriate the Council's response. This Statement has been prepared in accordance with Regulation 22 of the Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended), which requires, at part (c), the publication of a statement setting out:

(i) **which bodies** and persons the local planning authority invited to make representations under regulation 18 (see Appendix 1: Regulation 18 Consultation Statement)

(ii) **how those bodies and persons** were invited to make representations under regulation 18 (see Appendix 1: Regulation 18 Consultation Statement)

(iii) **a summary of the main issues raised by the representations** made pursuant to regulation 18 (see Appendix 1: Regulation 18 Consultation Statement)

(iv) **how many representations** made pursuant to Regulation 18 have been taken into account (see Appendix 1: Regulation 18 Consultation Statement)

(v) if representations were made pursuant to regulation 20, the number of representations made, and a summary of the main issues raised in those representations (see Section 3).

1.3 This Consultation Statement sets out details on the Regulation 18 and the Regulation 19 consultations undertaken. Both consultations were in accordance with the requirements of the Town and Country Planning (Local Planning) (England) Regulations 2012 (Regulations 18 and 19). It also demonstrates that public involvement is consistent with Wandsworth's Statement of Community Involvement (SCI) adopted in 2019.

1.4 Wandsworth's Adopted Local Plan sets out policies and site allocations that will guide development in the borough over the next 15 years. Once adopted, the new Local Plan will replace the existing policies and site allocations within the Core Strategy (CS), Development Management Plan Document (DMPD), Site Specific Allocations Document (SSAD) and Local Plan Employment and Industry Document (LPEID).

1.5 This Local Plan Consultation Statement details the consultation that was undertaken at each stage of the document's preparation. The Statement seeks to assist the Inspector at the Examination in determining whether Wandsworth's Local Plan complies with requirements for public participation.

1.6 A separate Duty to Co-operate Statement has been published to cover the engagement that has taken place with adjoining Boroughs and prescribed duty to co-operate bodies. It also addresses the context for subregional and London-wide joint working as it informs the stages of preparing the Local Plan in line with the requirements of the NPPF.

## 2 Background and Local Plan Stages

### Overview of consultation

2.2 The Publication Local Plan is the final of three stages in preparing the new Local Plan. The first stage was the publication of the [Issues and Options document](#) in the winter of 2018, for public consultation. Full details of the Local Plan timetable are set out in the [Local Development Scheme](#) (LDS) 2019 and 2020 [revisions](#). The timeline below describes what happens at each stage of consultation.

### The Issues and Options consultation

2.3 The Issues and Options consultation was the first borough-wide public consultation undertaken by the Council with regard to the preparation of the new Local Plan and consultees were invited to comment on high-level issues that the Council had identified following a review of the existing Local Plan and National and Regional Policy. The public consultation took place over a period of six weeks between 11 December 2018 and 7<sup>th</sup> February 2019 and was carried out in accordance with Regulation 18 of the Town and Country Planning (Local Planning) (England) Regulations 2012. The [Issues and Options Consultation Statement](#) provides an overview of the Issues and Options consultation, informing who and how the Council consulted, what consultation material was used, how comments received were considered and an evaluation of the consultation, provides a summary of the comments received and the Council’s initial response to those comments.

2.4 The Issues and Options consultation document included the following:

- A set of draft objectives for the new Local Plan that give an indication of the expected scope of the Plan’s Strategy.
- Identification of the main issues and challenges relevant to future development in the borough which will be addressed in the new Local Plan, based on different themes. In preparing the new Wandsworth Local Plan, regular formal meetings were held with different stakeholder groups and other departments within the Council. The Planning Policy Team met with Wandsworth Councillors on multiple occasions to discuss progress of the Local Plan. a public engagement even was held 17 January 2020 to discuss policy topics.

Table 1: Summary of Local Plan consultations:

| When  | What   |
|---|--|
| 3 December 2018 – 28 January 2019 (completed)             | Consultation on the scope of the review of the Local Plan – Issues Document  |
| 4 January 2021 – 1 March 2021                             | 8 week Regulation 18 consultation on the Draft Local Plan (‘Pre-publication’).   |
| 10 <sup>th</sup> January – 28 <sup>th</sup> February 2022 | ‘Publication’ version consultation under Regulation 19 of the Draft Local Plan that the Council intends to submit to the Secretary of State alongside consultation comments. |
| April 29 <sup>th</sup> 2022                               | Submission and examination of the ‘Publication’ version of the new Local Plan and evidence base to the Secretary of State, including a Statement of Consultation.            |
| Spring/Summer 2023  | The new Local Plan is adopted by the Council, replacing the existing Local Plan.   |

### First Draft Local Plan (Regulation 18 Stage)

2.5 The preparation of the Draft Local Plan built on the Issues and Options document and the feedback received during consultation. It set out the Council's proposed strategy for the future development of the Borough, the site allocations that relate to this and the relevant policies against which future development proposals and planning applications will be assessed.

2.6 A full First Draft Local Plan, known as the Pre-Publication version was then prepared for consultation in January 2021 under Regulation 18 of the Town and Country Planning (Local Planning) (England) Regulations 2012.

2.7 The Draft Local Plan consultation material included the following documents:

- Wandsworth Borough Draft Local Plan (Regulation 18)
- Erratum for Draft Local Plan document
- Sustainability Appraisal
- Policies Map Changes document

2.8 Information comprising the evidence base to support preparation of the new Local Plan is referenced in the consultation documents and published on the [Council's website](#).

2.9 A summary of the Regulation 18 consultation, responses received and how these were responded to is available in the [Draft Local Plan Consultation Statement](#) on the council website.

### **3 Publication Draft Local Plan – (Regulation 19 Stage)**

3.2 In accordance with Regulation 19 of the Town and Country Planning Act (2012) the final draft Local Plan consultation ran for 8 weeks from 10<sup>th</sup> January to 28<sup>th</sup> February 2022. The proposed submission documents were made available for public inspection on the Council's website to provide any individual, group, or business the opportunity to make a 'Statement of Representation' on the 'soundness' and legal compliance (including with the duty to cooperate) of the Draft Local Plan, for consideration by the Planning Inspector.

3.3 Comments were invited on the Final Draft Local Plan, Policies Map and Sustainability Appraisal.

#### Who was consulted

3.4 The Local Planning Authority consults extensively on all planning documents and has an ever-evolving consultee database stored on Keystone Objective an engagement system. This system is updated at each consultation event or when notified by consultees. All Specific Consultees (as identified under Part 1 of the 'Regulations') have been consulted. In addition, the Keystone Objective consultee database ensures that all interested parties who have previously expressed an interest or commented are notified by means of email or letter.

### How we consulted

3.5 A comprehensive effort was undertaken in advertising the consultation and engaging the community in the Local Plan process. The dedicated webpage for the consultation process contained a link to an online consultation form created using Keystone Objective. The form required respondents to state whether they thought the Plan complied with the Duty to Cooperate, was legally compliant and sound, and to indicate whether they wished to appear at the examination.

3.6 The consultation form was also available to download and complete as a form-fillable PDF and submit via email to [planningpolicy@wandsworth.gov.uk](mailto:planningpolicy@wandsworth.gov.uk) or by post to: Planning Policy Team, Town Hall, Wandsworth.

3.7 Due to COVID 19 restrictions virtual meetings replaced some of the usual face to face meetings. Methods used to consult included the following:

#### **Email/Letters**

3.8 A notification letter sent to all on the Local Plan consultee database (approximately 1450 residents, local businesses and organisations and statutory consultees).

3.9 Alternatively to making comments directly into the Keystone Objective Consultation Portal as described above, written responses including letter and email responses were also welcomed at Council offices or libraries.

3.10 After the consultation had ended, it was discovered that there had been a technical error in the notification email, and 130 consultees (Agents) from the database did not receive an email notification that the Local Plan was out for Regulation 19 consultation between 10 January to 28 February 2022. Subsequently, an email was then sent to the consultees offering the chance to send any comments that they may wish to submit to be considered as duly made representations at Regulation 19.

3.11 The consultees were given from the 1<sup>st</sup> April to the 19<sup>th</sup> April to make any comments. Following this consultation period two respondents submitted comments for consideration;

- Chelsea Cars and
- McDonalds PLC

### Publicity and Advertising

#### **Posters**

3.12 Digital Posters were put up at 25 locations across the borough.

#### **Summary Leaflets**

3.13 Feature in Brightside November 2021 edition which is the magazine of Wandsworth Council and contains a range of information about services and events (140,000 residents), Brightside Online (23,000 residents).

### **Social Media**

3.14 In addition, the Council used social media to publicise the consultation.

- 2 Facebook statuses were posted that had a total reach of 7,012 users combined.
- 4 Tweets were also sent out that appeared on the feed of an average of 30,468 users per Tweet.

### **Representations made pursuant to Regulation 20**

#### Number of Representation received

3.15 In total 642 specific comments were received from 116 respondents, including from Duty to Co-operate bodies. All comments submitted have been fully considered. For a full list of respondees please see Appendix 1B.

#### Full Representations

3.16 In line with regulation 22 (1) (d) of The Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended), copies of all received representations made in accordance with Regulation 20 have been published separately and available [here](#). Personal contact details have been redacted in conformity with the Council's Data Protection policy.

3.17 Representations were made on the tests of soundness, legal compliance and compliance with the duty to cooperate. Please see Appendix 5 for the Statement of Representation Procedure.

3.18 A summary of the main issues raised at Regulation 19 stage can be found in Appendix 4.

## **4 Conclusions and Next Steps**

4.2 This consultation statement forms part of the supporting information for the publication of the Local Plan for Formal Consultation (under Regulation 19) of the Town and Country (Local Development) (England) Regulations 2012.

4.3 The pre-publication version of the Plan ran for a period of 6 weeks between 4 January and 1 March 2021. Following which a review of the comments received was undertaken. Consultation is currently scheduled for January 2022. The Regulation 19 consultation ran for 8 weeks from the 10<sup>th</sup> January to the 28<sup>th</sup> February and was to consider whether the plan is "sound" according to the 4 tests set out in paragraph 35 of the National Planning Policy Framework (NPPF).

4.4 As with the Reg 18 stage of the Local Plan, Regulation 19 consultation on the draft Local Plan notified statutory and general consultation bodies, stakeholders (residents and businesses) and invited them to comment through a range of channels (including online, email and post and publication in a local newspaper. The Council considered the representations received. The Council considers that the plan-making process conforms to the Statement of Community Involvement (2018) and has therefore fulfilled the requirements of Regulation 22.

## APPENDIX 2 – Consultation email notification

Dear Consultee,

### **Consultation on the second draft of the Local Plan ('Publication Version'), Monday 10 January – Monday 28 February 2022**

We are now consulting on the next draft of the Local Plan, known as the 'Publication' version. Wandsworth's Local Plan sets out a vision and spatial strategy to guide the development of the borough from 2023, when the Plan is anticipated to be adopted, to 2038. It is supported by key objectives for the borough, planning policies, area strategies and – at the smallest scale – guidance for the development of specific sites. Collectively, these identify where development should be targeted and set out how the borough's neighbourhoods and places will change over the next 15 years.

The views of the community are at the heart of the planning process. We previously consulted on an earlier draft of the Local Plan from January to March 2021; thank you to everyone who submitted comments. This version has taken that feedback into account, alongside input from more focused consultation events, comments from colleagues across the Council, and to account for new and updated evidence.

We are holding a public consultation on the draft Local Plan from **Monday 10 January until Monday 28 February 2022**. This consultation is the final opportunity to comment on the Local Plan before it is submitted to the Secretary of State for independent examination. At this stage in the plan-making process, in accordance with national guidance, consultation responses should focus on the draft Local Plan's legal and procedural compliance, including the duty to cooperate, and the 'soundness' of the Plan. There are four different tests of 'soundness', which require the Local Plan to be:

- *Positively prepared* – it provides a strategy which, as a minimum, seeks to meet the area's objectively assessed needs and is informed by agreements with other authorities.
- *Justified* – it is based on an appropriate strategy, taking into account the reasonable alternatives, and is based on proportionate evidence.
- *Effective* – it is deliverable over the plan period and is based on effective joint working on cross-boundary strategic matters.
- *Consistent with national policy* – to enable the delivery of sustainable development.

The consultation is open to everyone.

**What are we consulting on?**

The consultation is on the following documents:

- The 'Publication' version of the draft Local Plan.
- The Sustainability Appraisal – this document supports the Local Plan and assesses the extent to which it will help to achieve environmental, economic and social objectives when judged against reasonable alternative options.
- The Policy Map Changes document – this explains how the map of the borough's policy designations will change as a result of the draft Local Plan.

These documents can all be viewed on the Council's website as follows:

[www.wandsworth.gov.uk/draft-local-plan-publication](http://www.wandsworth.gov.uk/draft-local-plan-publication)

The website also provides more information about the Local Plan review process, including the timetable and links to various other supporting and evidence base documents which underpin the Local Plan.

## How to respond

You can respond in the following ways:

- Online through the '[Draft Local Plan Consultation Portal](#)', which can also be accessed through the website listed above.
- By email to [planningpolicy@wandsworth.gov.uk](mailto:planningpolicy@wandsworth.gov.uk).
- By post to Planning Policy, Environment and Community Services, Town Hall, Wandsworth High Street, London, SW18 2PU.

We would be grateful if you could please respond electronically, where possible, by using the online Consultation Portal. If you are responding by email or post, please use the response form that is available to view and download from the website listed above.

All responses must be received by **11.59pm on Monday 28 February 2021**. Please note that responses will not be treated as confidential and those submitted anonymously will not be accepted.

If you are experiencing any difficulties accessing the consultation documents or the response form online, please contact the Planning Policy team by email at [planningpolicy@wandsworth.gov.uk](mailto:planningpolicy@wandsworth.gov.uk).

Hard copies of the consultation documents and response forms are also available in Wandsworth Town Hall and the borough's libraries during normal opening hours.

### **What happens next?**

Following the public consultation, the responses we receive will be collated and submitted – alongside the Local Plan and the supporting and relevant evidence base documents – to the Planning Inspectorate (PINS, acting on behalf of the Secretary of State). It is the role of PINS to examine the Local Plan to consider whether it meets the various tests of ‘soundness’, as well as for legal and procedural compliance with the relevant regulations. Please see [www.wandsworth.gov.uk/local-plan-full-review/](http://www.wandsworth.gov.uk/local-plan-full-review/) for more details.

### **Why have you received this?**

You have received this notification as you have previously engaged with the Wandsworth Planning Policy & Design team. The Council is committed to ensuring that personal data is processed in line with data protection legislation and principles, including keeping data secure. The Council’s Privacy Notice is published on the Council’s website: [www.wandsworth.gov.uk/privacy](http://www.wandsworth.gov.uk/privacy)

We hope that you or your organisation will continue to take an interest in future planning policy and related documents. If you would like to continue hearing from us, then you do not need to do anything. If, however, you would prefer not to receive further notifications regarding planning policy and design matters then please notify us by email to [planningpolicy@wandsworth.gov.uk](mailto:planningpolicy@wandsworth.gov.uk) or by post to the address provided.

Yours faithfully,

**Christine Cook**

## Email sent to additional consultees 1/04/22

Dear Consultee,

Thank you for your interest in the development of the Council's Local Plan.

We wanted to get in touch with you as it has come to our attention that some consultees on our database did not receive an email notification that the Local Plan was out for consultation as the Regulation 19 Publication draft between 10 January to 28 February 2022.

We are therefore writing to you as one of the identified consultees and offering you the chance to send us any comments that you may wish to submit to be considered as duly made representations at Regulation 19. There may be circumstances where others in your organisation may have already made comments as part of the consultation stage, but we want to make sure that you have been contacted in case you consider that further representations should be made.

The Council is intending on submitting its Local Plan to the Secretary of State for independent examination at the end of April and so any comments must be received **by 11.59pm on the 19<sup>th</sup> April 2022** to enable the Council to take them into account.

The Regulation 19 Publication stage is the final opportunity to comment on the Local Plan before it is submitted to the Secretary of State for independent examination. At this stage in the plan-making process, in accordance with national guidance, responses should focus on the draft Local Plan's legal and procedural compliance, including the duty to cooperate, and the 'soundness' of the Plan. There are four different tests of 'soundness', which require the Local Plan to be:

- *Effective* – it is deliverable over the plan period and is based on effective joint working on cross-boundary strategic matters.
- *Consistent with national policy* – to enable the delivery of sustainable development.

The following documents have been produced for this stage:

- The 'Publication' version of the draft Local Plan.
- The Sustainability Appraisal – this document supports the Local Plan and assesses the extent to which it will help to achieve environmental, economic and social objectives when judged against reasonable alternative options.
- The Policy Map Changes document – this explains how the map of the borough's policy designations will change as a result of the draft Local Plan.

These documents can all be viewed on the Council's website as follows:

The website also provides more information about the Local Plan review process, including the timetable and links to various other supporting and evidence base documents which underpin the Local Plan. Please note that the website states that the consultation is now closed but all documents remain accessible, and we welcome your comments.

### How to respond:

You can respond by email to [planningpolicy@wandsworth.gov.uk](mailto:planningpolicy@wandsworth.gov.uk).

Please use the response form that is available to view and download from the website listed above.

All responses must be received by **11.59pm on Tuesday 19 April 2022**. Please note that responses will not be treated as confidential and those submitted anonymously will not be accepted.

If you are experiencing any difficulties accessing the documents or the response form online, please contact the Planning Policy team by email at [planningpolicy@wandsworth.gov.uk](mailto:planningpolicy@wandsworth.gov.uk).

Hard copies of the documents and response forms are also available in Wandsworth Town Hall and the borough's libraries during normal opening hours.

### **What happens next?**

Any responses we receive will be collated and submitted as representations duly made at the Regulation 19 stage – alongside the Local Plan and the supporting and relevant evidence base documents – to the Planning Inspectorate (PINS, acting on behalf of the Secretary of State). It is the role of PINS to examine the Local Plan to consider whether it meets the various tests of 'soundness', as well as for legal and procedural compliance with the relevant regulations. ### Copy of Publication consultation details on Council website

We have produced the second draft of the new Local Plan, which is known as the 'Publication' version.

The Local Plan sets out a vision and spatial strategy to guide the development of the borough from 2023, when the Plan is anticipated to be adopted, to 2038. It sets out key objectives for the borough, which are supported by planning policies, area strategies and (at the smallest scale) detailed guidance for the development of specific sites. Collectively, these identify where development should be targeted and set out how the borough's neighbourhoods and places will change over the next 15 years.

This draft has been informed by the responses we received on the public consultation held on the first draft of the new Local Plan, referred to as the [Pre-Publication version](#), from 4 January to 1 March 2021, as well as by the findings of our updated [evidence base](#), input from focused consultation events and feedback from colleagues across the

The Publication Local Plan is the final draft of the Local Plan produced by the Council before it is submitted to the Planning Inspectorate (PINS), which acts on behalf of the Secretary of State. It is the role of PINS to examine the Local Plan to consider whether it meets various tests of 'soundness', as well as for legal and procedural compliance with the relevant regulations. As a result of the examination, PINS may recommend that further changes to the Plan are necessary before it can be adopted by the Council.

Prior to the examination, the Publication Local Plan is being made available for a public consultation process. Comments received as part of this process will be submitted to PINS alongside the Local Plan. The drafting of and consultation on the Publication Local Plan forms the third stage of the [full review of the borough's Local Plan](#).

## Consultation on the Publication Local Plan

The Publication Draft Local Plan was made available for a public consultation from **Monday 10 January to Monday 28 February 2022**. The views of the community are at the heart of the planning process and this consultation provides another opportunity to comment on the Local Plan. It is open to everyone, irrespective of whether you have previously submitted comments.

At this stage of the plan-making process, in accordance with national guidance, consultation responses should focus on the draft Local Plan's legal and procedural compliance, including the duty to cooperate, and the 'soundness' of the plan. There are four different tests of soundness, which require the Local Plan to be:

- **Positively prepared** - it provides a strategy which, as a minimum, seeks to meet the area's objectively assessed needs and is informed by agreements with other authorities
- **Justified** - it is based on an appropriate strategy, taking into account the reasonable alternatives, and is based on proportionate evidence
- **Effective** - it is deliverable over the plan period, and is based on effective joint working on cross-boundary strategic matters
- **Consistent with national policy** - to enable to delivery of sustainable development

The tests of soundness are identified in paragraph 35 of the [National Planning Policy Framework \(NPPF\)](#). We have produced a [guidance note](#)  which provides further information in support of the consultation.

The consultation is being held on the following documents:

- 'Publication' Draft Local Plan (Regulation 19) (January 2022)

## Help shape Wandsworth's future

Published: Friday, January 14, 2022

Residents, businesses and community groups have a chance to help shape the future development of Wandsworth as public consultation begins on the second draft of the new Local Plan.

Share this

The Local Plan sets out a vision and strategy to guide the development of the borough between 2023 and 2038.

It will range from broad strategies for whole areas to guidance for specific sites. Collectively, these identify where development should be targeted and set out how neighbourhoods and places will change over the next 15 years, protecting the borough's unique character and ensuring that everyone is able to benefit from sustainable growth.

The Local Plan will ensure the borough meets its house building targets, has enough open space and has policies in place to help people remain healthy, support town centres, meet the needs of local businesses and creates jobs for local people. Reducing air pollution and helping the borough meet its target of becoming carbon neutral by 2030 will also be a key aim.

The public has already been consulted on an earlier draft of the plan, and this latest version has taken account of the responses received.

In accordance with national guidance, responses to this latest consultation should focus on the draft Local Plan's legal and procedural compliance and the 'soundness' of the plan.

[Find out more and comment](#)

Responses will be collated and submitted – alongside the Local Plan and the supporting evidence base documents – to the Planning Inspectorate (PINS, acting on behalf of the Secretary of State). PINS will examine the Local Plan to consider whether it meets the various tests of 'soundness', as well as for legal and procedural compliance with the relevant regulations. If the plan passes this examination, it is adopted by the council and will be used to decide planning applications.

Strategic Planning and Transportation spokesman Cllr John Locker (pictured) said: "Wandsworth has a strong reputation as being a great place to live, work, play and do business. It's vital that local residents and community groups have the opportunity to play their part in keeping it that way.

"Please take time to view the consultation document and have your say so that the council can draw up strategic priorities and policies to make sure everyone benefits from the future development of the borough."

It is considered that the bridge and the preferred location are also considered to not be People First due to the impact it will have on the local houseboat community at Nine Elms (95. May Hale; 113. Mark Hale).</li> <li>• The area around Linford Road and Stewart’s Road should not be omitted from the wider placemaking proposals for Nine Elms, which could be identified as an area for opportunity and change, including through mixed-use economic-led development, including residential uses. Land at 33, 44 and 55 Linford Street should be allocated as such. (93. MGLW)</li> <li>• References to the Northern Line Extension are incorrect (41. Concerned that work has already started on the masterplan for the area around the station, community engagement should be a central part of all stages of the process. Approach to mid-rise buildings at site WT1 is inconsistent with the London Plan and the NPPF. The undeliverability of the TfL scheme to improve the Wandsworth Gyratory undermines the approach to site allocation WT1 in the Plan, which is therefore unsound. (116. |  |  | <p><i>National Grid</i>). Unlike the recently adopted Wandle Delta Masterplan SPD, site allocation WT4 (Gasholder Site) fails to recognise the significant constraints of the site which must be addressed prior to bringing the site forward. (85. <i>SGN Mitheridge</i>)</p> <ul style="list-style-type: none"> <li>• WT8 Ferrier Street Industrial Estate – Site allocation is over restrictive, unjustified, limits the potential of the site in terms of connections to the west of the site (48. <i>Workspace Plc</i>).</li> <li>• Policy WT9 Feather's Wharf, The Causeway – National Grid assets not included in site allocation (49. <i>National Grid</i>). Comprehensive redevelopment will not be able to come forward on the WT11 site allocation it is extended into WT9 (33. <i>Cory Riverside Energy</i>). The open space requirements to the north of the site would not be financially viable (37. <i>WRWA</i>).</li> <li>• WT10 Land at the Causeway – National Grid assets not included in site allocation (49. <i>National Grid</i>)</li> <li>• WT11 Western Riverside Waste Authority – Comprehensive redevelopment will not be able to come forward unless this allocation is extended to include the adjacent Household Waste and Recycling Centre, the entire safeguarded wharf designation, and the site allocation WT9 Feather's Wharf (33. <i>Cory Riverside Energy</i>, 37. <i>WRWA</i>). In accordance recent Ministerial Safeguarding Directions (2021), reference to the potential decommissioning of the safeguarded wharf at the Western Riverside Waste Transfer Station (WT11) should be removed. Specific reference to the 24-hour operation of the site should be made under the requirements for no conflicts of use between wharf operations and other land uses. The site allocation should reference LP40 (Protected Wharves). (42. <i>Port of London Authority</i>)</li> <li>• WT12 Homebase and WT13 B&amp;Q – Site name is misleading as those buildings no longer exist (84. <i>Legal and General</i>). The site allocations suggest there not be community facilities, play space, open space provided for local people (57. <i>Mrs Michelle Praest</i>).</li> <li>• WT17 Wandsworth Bus Garage – Site allocation is over restrictive in terms of uses and protection of historic building (36. <i>The Original Tour</i>).</li> <li>• WT20 Southside Shopping Centre – Wording provides too much opportunity for deculverting as an option (44. <i>Wandle Valley Forum</i>). Support for the re-wording of the site allocation to clarify appropriateness of flexible retail, leisure, residential and other town centre uses, and request that comprehensive redevelopment of the site should also be permissible under the development considerations. (86. <i>Southside Limited Partnership</i>)</li> <li>• WT22 Pier Wharf – The suggestion the site could come forward for mixed-use residential if the safeguarded wharf designation were ever to be withdrawn is problematic (50. <i>GLA</i>). The stringent site allocation will curtail policy compliant redevelopment coming forward and make the realisation of the Battersea Design and Technology Quarter infeasible. The site boundary leaves open an opportunity for fragmented development to the south (34. <i>Ballymore Group</i>). The open space requirement is in direct conflict with the operations of the safeguarded wharf (37. <i>WRWA</i>). The site allocations at Kirtling Wharf (NE9) and NE11 (Cringle Dock) should reference the need for the 24-hour operation of the site. Reference should also be made to LP40 (Protected Wharves). ## Local Plan Review

### Consultation on the Publication Draft Local Plan

10 January to 28 February 2022

#### RESPONSE FORM

The Council is inviting comments over a seven-week period on the Publication version of the Local Plan.

The Draft Local Plan sets out a vision and spatial strategy to guide the development of the borough from 2023, when the Plan is anticipated to be adopted, to 2038. It sets out key objectives for the borough, which are supported by planning policies, area strategies, and – at the smallest scale – detailed guidance for the development of specific sites. Collectively, these identify where development should be targeted and set out how the borough's neighbourhoods and places will change over the next 15 years.

This consultation is the final opportunity to comment on the Local Plan before it is submitted to the Secretary of State for independent 'examination in public'. At this stage in the plan-making process, in accordance with the national guidance, consultation responses should focus on whether the Local Plan has been developed in compliance with the relevant legal and procedural requirements, including the duty to cooperate, and with the 'soundness' of the Plan. Further detail on these concepts is provided in the accompanying guidance notes provided at the end of the form.

#### How to respond

Please read the consultation documents and other background information made available on the Local Plan website: <http://www.wandsworth.gov.uk/draft-local-plan-publication>

You can respond by completing this form, either electronically using Word or as a print out, and sending it to the Council by:

- Email to [planningpolicy@wandsworth.gov.uk](mailto:planningpolicy@wandsworth.gov.uk)
- Post to Planning Policy and Design, Environment and Community Services, Town Hall, Wandsworth High Street, Wandsworth, SW18 2PU.

Alternatively, you can also make comments on the draft Local Plan online via our Consultation Portal, which is accessible at the website listed above.

All responses must be received by **11.59pm on Monday 28 February 2022**. The consultation is open to everyone; however please note that responses will not be treated as confidential and those submitted anonymously will not be accepted.

*Please continue on a separate sheet / expand the box if necessary.*

**7. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, when considering any legal compliance or soundness matter you have identified at 5 above.**

**Please note that non-compliance with the duty to co-operate is incapable of modification at examination.**

**You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

*Please note your response should provide succinctly all the information, evidence and supporting information necessary to support / justify the suggested change. After this stage, further submission will only be at the request of the Inspector, based on the matters and issues they identify for examination.*

*Please continue on a separate sheet / expand the box if necessary.*

**8. If you are seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)? (Please tick box as appropriate)**

**No**, I do not wish to participate in hearing session(s)

**Yes**, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

**9. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:**

*Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.*

*Please continue on a separate sheet / expand the box if necessary.*

**If you are not on our consultation database and you respond to this consultation, your details will be added to the database. This allows us to contact you with updates on the progression of the Local Plan and other planning policy documents.**

If you do not wish to be added to our database or you would like your details to be removed, then please tick this box.

## Local Plan Publication Consultation

### Guidance Notes to accompany the Representation Form

#### Introduction

1. The plan has been published by the Local Planning Authority [LPA] in order for representations to be made on it before it is submitted for examination by a Planning Inspector. The Planning and Compulsory Purchase Act 2004, as amended [PCPA] states that the purpose of the examination is to consider whether the plan complies with the relevant legal requirements, including the duty to co-operate, and is sound. The Inspector will consider all representations on the plan that are made within the period set by the LPA.

2. To ensure an effective and fair examination, it is important that the Inspector and all other participants in the examination process are able to know who has made representations on the plan. The LPA will therefore ensure that the names of those making representations can be made available (including publication on the LPA's website) and taken into account by the Inspector.

#### Legal Compliance

3. You should consider the following before making a representation on legal compliance:

- The plan should be included in the LPA's current Local Development Scheme [LDS] and the key stages set out in the LDS should have been followed. The LDS is effectively a programme of work prepared by the LPA, setting out the plans it proposes to produce. It will set out the key stages in the production of any plans which the LPA proposes to bring forward for examination.
- The process of community involvement for the plan in question should be in general accordance with the LPA's Statement of Community Involvement [SCI] (where one exists). The SCI sets out the LPA's strategy for involving the community in the preparation and revision of plans and the consideration of planning applications.
- The LPA is required to provide a Sustainability Appraisal [SA] report when it publishes a plan. This should identify the process by which SA has been carried out, and the baseline information used to inform the process and the outcomes of that process. SA is a tool for assessing the extent to which the plan, when judged against reasonable alternatives, will help to achieve relevant environmental, economic and social objectives.
- The plan should be in general conformity with the London Plan.
- The plan should comply with all other relevant requirements of the PCPA and the Town and Country Planning (Local Planning) (England) Regulations 2012, as amended [the Regulations].

#### Duty to Co-operate

4. You should consider the following before making a representation on compliance with the duty to co-operate:

- Section 33A of the PCPA requires the LPA to engage constructively, actively and on an ongoing basis with neighbouring authorities and certain other bodies over strategic matters during the preparation of the plan. The LPA will be expected to provide evidence of how they have complied with the duty.
- Non-compliance with the duty to co-operate cannot be rectified after the submission of the plan. Therefore, the Inspector has no power to recommend modifications in this regard. Where the duty has not been complied with, the Inspector cannot recommend adoption of the plan.

## Soundness

**5.** The tests of soundness are set out in paragraph 35 of the National Planning Policy Framework (NPPF). Plans are sound if they are:

- Positively prepared – providing a strategy which, as a minimum seeks to meet the area's objectively assessed needs, and is informed by agreements with other authorities, so that unmet need from neighbouring authorities is accommodated where it is practical to do so and is consistent with achieving sustainable development;
- Justified – an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence;
- Effective - deliverable over the plan period and based on effective joint working on cross-boundary strategic matters that have been dealt with rather than deferred, as evidenced by the statement of common ground; and
- Consistent with national policy – enabling the delivery of sustainable development in accordance with the policies in the NPPF.

**6.** If you think the content of the plan is not sound because it does not include a policy on a particular issue, you should go through the following steps before making representations:

- Is the issue with which you are concerned already covered specifically by national planning policy (or the London Plan)? If so, does not need to be included?
- Is the issue with which you are concerned already covered by another policy in this plan?
- If the policy is not covered elsewhere, in what way is the plan unsound without the policy?
- If the plan is unsound without the policy, what should the policy say?

## General advice

**7.** If you wish to make a representation seeking a modification to the plan or part of the plan you should set out clearly in what way you consider the plan or part of the plan is legally non-compliant or unsound, having regard as appropriate to the soundness criteria in paragraph 5 above. Your representation should be supported by evidence wherever possible. It will be helpful if you also say precisely how you think the plan should be modified.

**8.** You should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification. You should not assume that you will have a further opportunity to make submissions. Any further submissions after the plan has been submitted for examination may only be made if invited by the Inspector, based on the matters and issues he or she identifies.

**9.** Where groups or individuals share a common view on the plan, it would be helpful if they would make a single representation which represents that view, rather a large number of separate representations repeating the same points. In such cases the group should indicate how many people it is representing and how the representation has been authorised.

**10.** Please consider carefully how you would like your representation to be dealt with in the examination: whether you are content to rely on your written representation, or whether you wish to take part in hearing session(s). Only representors who are seeking a change to the plan have a right to be heard at the hearing session(s), if they so request. In considering this, please note that written and oral representations carry the same weight and will be given equal consideration in the examination process.
