Dear Resident / Occupier

Clapham South and Balham Controlled Parking Zone (CPZ), H2 sub-zone – Hendrick Avenue and Morella Road

As you are aware, following a consultation with residents and businesses within the H2 sub-zone the parking controls in Hendrick Avenue and Morella Road were changed to operate Monday-Friday, 9.30am-5.30pm from Monday 25 April 2021.

This change was made under the terms of an Experimental Traffic Management Order to provide a period of operational experience and allowed residents to make comments and provide feedback about the extended operational hours during the first 6 months of operation.

Having completed an operational review and as no objections were received from residents of Hendrick Avenue or Morella Road, the revised operational hours in these roads will now be made permanent.

As part of the Experimental TMO review process, the Council agreed to review the effect of the extended operational hours in Hendrick Avenue and Morella Road on parking conditions in Granard Avenue, where the controls remained operational from 10.30am to 11.30am only. We are now undertaking a further consultation with Granard Road residents to obtain their views about whether the operational hours should be extended. The results of the consultation with residents of Granard Road will be reported to a future meeting of the Council's Transport Committee.

Yours faithfully

Michel Potter
Parking Policy Manager
