LOCAL

The Cost of Living crisis is affecting businesses and residents across the borough. The increase in the cost of fuel, goods, commercial rent and recruitment, combined with low consumer confidence, is posing a significant threat to businesses of all sizes.

Small and independent businesses are the lifeblood of our town centres and neighbourhoods. Not only can shopping from small businesses in your area help keep the local economy healthy and support someone's livelihood, but it can also provide a much more personalised shopping experience at a super affordable price. For approximately every £1 spent with a local, independent business, between 50p-70p circulates back into that local economy.

This newsletter is here to help you meet some of the amazing local business we have on Balham

High Road and ensure we keep our high streets thriving, especially during this difficult time. Local businesses are a vital part of our local community and are always happy to make new friends, so why not visit one today?

Remember you can help support local businesses in a number of ways, including leaving positive reviews, following your favourites on social media and liking their content, swapping to local independent brands, treating yourself when you can to a local takeaway, and shopping with small businesses online.
