PRIOR NOTICE!

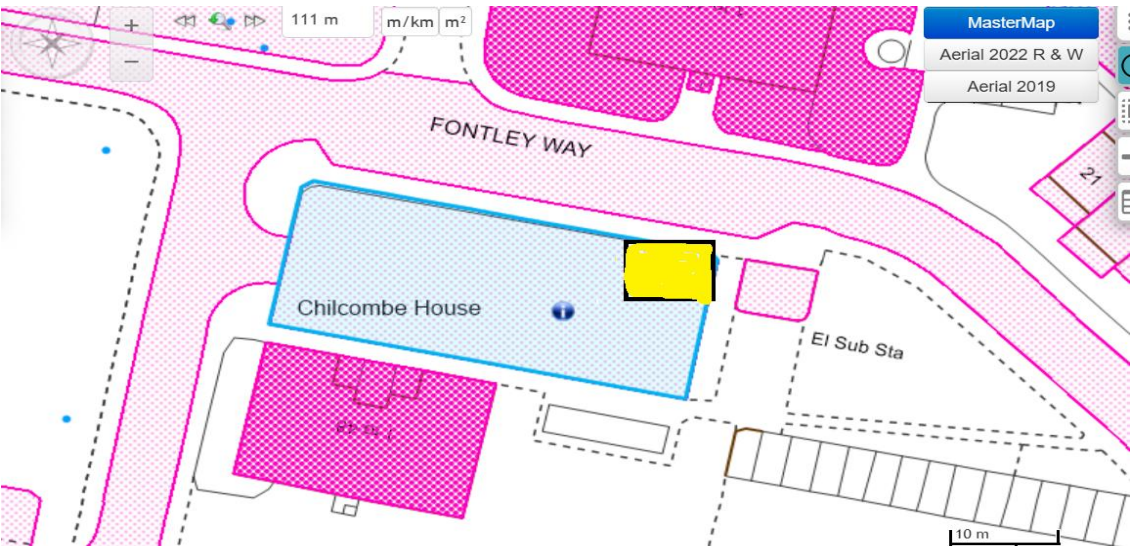

Dear residents

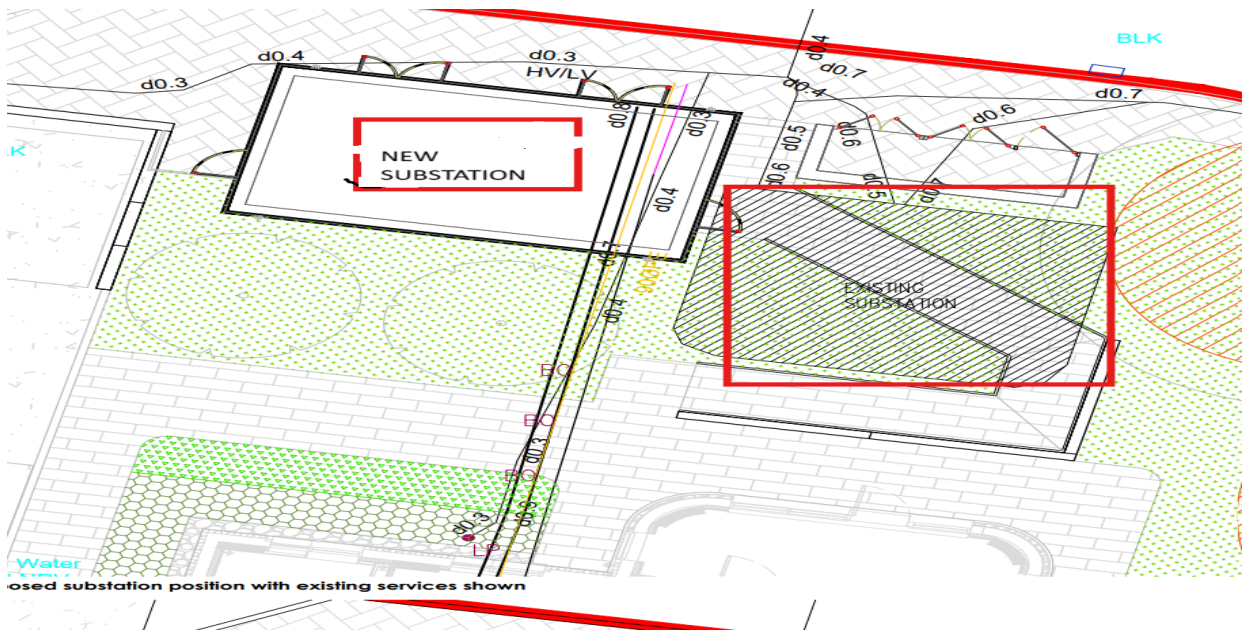

Re. Farnborough House Garages scheme – Parking Bays Suspension

As you may already be aware, the above development scheme will be starting in late summer. As part of the plans, we will be building a new sub-station. Star Contractors are the appointed contractor and are due to start on site from 12 May 2025 with work scheduled to take 6 to 8 weeks.

**Please avoid parking on the 4/6 bays marked yellow and closest to the existing substation. This is the location where the new substation is being built. The plan below shows the proposed substation building. We sincerely apologise for the inconvenience this may cause, and we thank you for your continued patience.**

Please note below the plans and areas where work will be taking place.

As with all building sites, it is expected residents will follow all health and safety procedures ensuring to keep away from impacted areas. If you have any concerns, please raise these with the contractors in the first instance.

If you have any feedback, queries or comments in the meantime, please do not hesitate to contact us at [developmentteam@richmondandwandsworth.gov.uk](mailto:developmentteam@richmondandwandsworth.gov.uk).

Yours Faithfully,

Mark Eastmond
