Farnborough House Garages

Welcome to our Summer edition of the Farnborough House Garages newsletter.

Kind & Company are working in partnership with Wandsworth Council to deliver 38 new flats as part of the Farnborough House Development Scheme. Compact sites like this form a vital part of the council's ambitious Homes for Wandsworth programme, which will deliver 1,000 new council homes.

In case you have not seen it before, the above is the planned works. These works will commence once the diversion works have been completed and are due to run through to early 2028.

The idea of these Newsletters is to give you an understanding of how the works are progressing and

what is likely to happen in the upcoming months. Newsletters are issued quarterly, in line with the seasons to keep you updated throughout the year.

Current Progress

You may have seen us on site over the last few weeks. Enabling works started on Monday 7th September, with Heras fencing being installed around site to secure working areas.

Virgin Media are on site, working to divert existing cables which currently runs through the land one of the new proposed blocks is to be built. These works are being undertaken and should be completed towards the end of September.

Cadent are also on site. They are currently diverting a gas pipe that is also running through a new block. This should be completed by the end of September.

The plan is to start the main site works in November once the Virgin Media cables has been diverted. Kind will start to set up hoarding around the site to create our enclosure to separate the public from construction area and works.

Kind and Company Builders would like to express our sincere gratitude to the community for their cooperation and understanding throughout the construction process.

Employment opportunities

We are also working in collaboration with Work Match Wandsworth as part of fulfilling our Social Value objectives. Work Match aims to ensure residents have access to new and existing jobs that are being created in the Wandsworth borough. Work Match offers employment support, advice and guidance and training for Wandsworth residents. We have attended Employ Wandsworth at the Civic suite in Wandsworth town Hall, which helps us advertise opportunities that are coming up within the company to local residents of Wandsworth.
