## PROPOSED VARIATION

The applicant has been making use of the regulatory off-sales easement under the Business & Planning Act 2020 for the past four years and this is now due to end on 31st March 2025. This application is to apply for permanent off-sales of alcohol between the hours of 10:00 to 23:00 Monday to Saturday and 11:30 to 23:00 hours on Sundays, Good Friday and Christmas Day. It is intended to continue providing external seating adjacent to the premises (subject to an existing pavement licence) where guests can consume alcohol purchased along with their meal.

Additionally, this premises licence was converted from the Licensing Act 1964 and carried over the old permitted hours which did not commence until midday on Sundays, Good Friday and Christmas Day. This application is also to modernise these timings by allowing the sale of alcohol and recorded music from 11.30 am on Sundays, Good Friday and Christmas Day.

Existing measures will continue, and in addition conditions are offered to promote the licensing objectives. There will be no negative impact upon the licensing objectives as evidenced by the past four year period that off sales have been provided without impacting the licensing objectives.

All other aspects of the premise licence remain the same.

### a) General - all four licensing objectives (b,c,d,e)

The applicant has been operating with off-sales for the past four year period under the Business & Planning Act 2020. Existing measures will continue. There will be no negative impact upon the licensing objectives as evidenced by the past four year period that off sales have been provided without issue. Having regard to the Statement of Licensing Policy, the applicant also offers the following conditions to promote the licensing objectives

### b) The prevention of crime and disorder

Off sales of alcohol shall only be sold with a food order.

Off sales of alcohol shall not be available with Click & Collect orders

### c) Public safety

As above and below.

### d) The prevention of public nuisance
