Subject: Objection to Wandsworth planning for Tooting Triangle

An objection to the Wandsworth Council planning permission to change the use of The Early Learning Centre building with land, the Boxing Club building with land, the large public gravel area situated between Tooting Common (Drewstead Road entrance) and the said Buildings and Land.

The existing buildings and land are presently available to the Public for the Benefit of the whole Community.

Public, Benefit and Community are key words.

The educational needs and healthy social interaction of infants, young children and school age children are key requirements.

It is the duty of Wandsworth Council to provide these requirements.

Wandsworth Council must provide suitable Public Facilities in its Commons.

The most basic essential provision has not been provided on Tooting Common.

Where are the the basket ball nets that should be provided for use on the Tooting Triangle gravel area?

Where are the concrete table tennis tables for use on the Tooting Common gravel area?

Where are the tables and picnic area for families. Concrete or wooden Seating Areas for families and carers?

These are not expensive items.

Where is there a disabled toilet on Tooting Common?

Where is there an outdoor gym?

Wandsworth Council lacks imagination.

and Consequently it is letting down the Public and Community it is responsible for.

I enclose photos of the facilities Wandsworth Council should be providing, and at an affordable cost.

Please See Facilities at Lloyd Park Walthamstow. E17.

Photos of these attached. See below.
